### Leyte Island Ground Action Slowed Down

Heavy Rains And Mud Handicap Advance Of American Forces Against foe

### WIDESPREAD RAIDS BY U. S. WARPLANES

By LEE VAN ATTA  
(U. S. Staff Correspondent)

GEN. MACARTHUR'S HEADQUARTERS, Philippines, Nov. 28.—While heavy rains and mud slowed down ground operations against the Japs on Leyte Island to a virtual standstill, American warplanes were making devastating strikes against the enemy, Gen. Douglas MacArthur said in a communique today.

"The continuing heavy rains have brought ground operations to a practical standstill," he said. "He made no mention in his morning communique of further attempts of the Japs to land reinforcements at Ormoc bay, where to the north the remaining Jap garrisons are pocketed on all three sides by American infantrymen and dismounted cavalrymen."

Gen. MacArthur reported that air activity on Leyte was "minor," but he disclosed that four enemy planes were shot down.

### U. S. Planes In Raids

Formations of heavy and medium bombers, escorted by fighters, struck heavily again in the Visayas group, dumping 165 tons of bombs on airbases on Cebu and Negros Islands. The escorting fighters shot down eight out of thirty Japanese planes which attempted interception.

Fighter-bombers also struck at Masbate Island, north of Leyte, destroying buildings, bombing the airbase and hitting bivouac and supply areas.

Yankee night patrol planes soaring over Puerto Princesa, on Palawan Island, west of Negros, spotted three barges and sank them, the communique related.

The Matina airdrome on Mindanao Island, largest southern island of the Philippines, came in for another heavy pummeling by heavy bombers today.

### Estimate More Than 220 Persons Killed In Blast

LONDON, Nov. 28.—(INS)—More than 220 persons, according to an estimate of the London Daily Mail today, were killed in the mammoth explosion of the Royal Air Force maintenance depot near Burton-on-Trent yesterday.

Latest official figures said more than 50 persons were killed and that at least another 60 men were still trapped below ground.

British and American troops assisted in rescue efforts at the disaster scene.

Push Through Mud In Advance In Eastern Czechoslovakia Says Moscow

### GERMAN TROOPS ARE FALLING BACK

By NATALIA RENE  
(U. S. Staff Correspondent)

MOSCOW, Nov. 28.—The Soviet Fourth Ukrainian Army drove westward in eastern Czechoslovakia today through seas of mud against the key communications centers of Presov and Kassa which lie astride the main rail routes into southern Poland.

Fifty towns taken

More than 50 towns and villages were swept up in the Soviet advance of more than six miles aimed at clearing the region between the Dukla pass and the rail route connecting Presov and Kassa. Full control here will wrest from the Germans their most important communication line for switching troops and supplies through the Carpathians.

Other columns of Gen. Ivan Petrov's forces smashed northward from the Slovak town of Humenne, liberated Sunday, and seized a large section of the railway which runs from that city into southern Poland.

### Jap Losses In Recent Attack Are Increased

By RICHARD V. HALLER  
(U. S. Staff Correspondent)

PEARL HARBOR, Nov. 28.—An upward revision of shipping and aircraft losses suffered by the Japanese in the November 23 attack of the U. S. Third Fleet carrier planes around Luzon in the Philippines was announced today by Admiral Chester W. Nimitz at Pacific fleet headquarters.

Two additional ships were sunk, he said, bringing the total to 20, and 87 enemy planes were destroyed instead of 64. Probably 32 other planes were damaged.

Admiral Nimitz also disclosed that in addition to the 20 vessels sunk, 28 were damaged instead of the five originally announced.

Two luggers were added to the original tally of 18 ships sunk.

Along with these, other vessels previously listed as sunk included one heavy cruiser, three destroyers, three landing boats, one destroyer, and a number of cargo and coastal vessels and oilers.

Ships reported damaged on the revised list included two destroyers, 11 cargo ships, nine luggers, three landing craft and a number of other smaller merchantmen and coastal craft.

### Netherlands Fliers Sink Jap Freighter

ADVANCED ALLIED HEADQUARTERS, Leyte, Philippines, Nov. 28.—(INS)—Mitchell bombers of the Netherlands Indies army air force bombed, strafed and left burning a 300-ton Japanese freighter northwest of Kupang, Timor, on Saturday and bombed and strafed enemy installations at Cape Lore, Timor, yesterday, a headquarters spokesman disclosed today.

### Tax Millage Rate For City To Remain Same

Finance Director Albert Hovland today reported that the tax millage for 1945 would remain as at present, 13 mills, and that every employee of the city would in January receive a wage increase of 40 cents per day, excepting garbage employees who will be paid on a tonnage basis.

Acting as spokesman for council colleagues, he reported the anticipated income through a 13 mill levy, of which 11 is for general revenue purposes, would provide \$803,125.

The finance director asserted that the expected expenditures would also be \$803,125 and of that sum \$76,950 would be for capital outlay, of which \$45,000 would be for sewage plant improvements.

He pointed out, too, that the \$45,000 of the bond issue this year would be carried over as a 1945 appropriation. The balance of the capital outlay will be assigned as follows:

Police motor equipment \$4,350, garbage motor equipment \$2,100, streets motor equipment \$2,200, resurfacing and construction of streets.

### HEAR REPORTS FRENCH CROSS RHINE RIVER

NEW YORK, Nov. 28.—(INS)—A Rhine river crossing by French troops in the area of Strasbourg was reported by the French press agency.

The wireless dispatch, reported by the FCC, quoted a French war ministry news bulletin stating the Rhine had been crossed at a point five kilometers (3.12 miles) north of Strasbourg.

There was no immediate confirmation in allied headquarters.

### Nazis Report Big British Drive Near

STOCKHOLM, Nov. 28.—(INS)—The Berlin correspondent of "Aftonbladet" reported today that a big British offensive in the Dutch German frontier area aimed at the Ruhr was in the offing.

The correspondent said there had been greatly increased artillery fire between Nijmegen and Tiel.

"Tiel is on the north bank of the Waal, 35 miles southeast of Arnhem," he added.

He added that continued attacks by fighter-bombers indicated that preparations were practically completed.

### Sixth War Loan Sales Increasing

Sixth War Loan totals in Lawrence County today show that \$513,648 have been sold in individual sales, including "E" bonds. This total is divided as follows:

New Castle \$240,195, Ellwood City \$204,534.75, New Wilmington \$46,899.50, Volant \$8,275, Wampum \$6,700, Bessemer \$7,043.75.

It was announced today that the bond booth which has stood on North Mill street in front of the First Federal Savings and Loan Association for some months will be moved to East Washington street in front of Aultman's store on Monday, Mrs. John E. Elliott, chairman stated that the booth would be staffed by women until Christmas.

Window displays are appearing in various stores advertising the war bond campaign solicitors are getting into the campaign with vigor. Lawrence County has to sell \$6,050,000 worth of Sixth War Loan bonds before it can say it is over.

### BRITISH EIGHTH ARMY IN ITALY MAKES ADVANCE

ROME, Nov. 28.—(INS)—British eighth army forces in Italy, battling Nazis and the onset of the heavy winter rains, advanced today both north and south of the communications hub of Faenza in the battle area beyond Forli.

The British gains came as fifth army troops commanded by Lieut. Gen. Mark W. Clark occupied key hill features north of Modigliana in the continued drive on Bologna.

Headquarters of Field Marshal Sir Harold R. L. G. Alexander revealed that all Nazi resistance east of the Lamone river and south of Faenza had ended.

Although the Yanks were able to take the offensive on their right flank they still were held down to defensive fighting in the center and the left as the Germans launched counter-thrusts against Mount Cucoli and Mount Grande. The attacks were thrown back.

Carrier Based Aircraft To Join B-29 Bombers In Attacks In Near Future

### LAST B-29 RAIDS WITHOUT LOSS

By WILLIAM E. ZIMMERMAN  
(U. S. Staff Correspondent)

WASHINGTON, Nov. 28.—Raids on Japan by fleets of more than 2,000 American planes shaped up as a not too distant fact that as the industrial area of Tokyo dug itself out from the second B-29 Superfortress attack on the enemy capital.

High naval officials disclosed plans for throwing the might of carrier-based planes against Japan along with the increasing weight of the might attacks by the huge American Superfortresses.

Only Beginning

It was made clear that the current attacks on Japan are only the beginning and that they will be stepped up to the intensity of the great raids that are making shambles of German cities.

Rear Admiral John H. Cassaday, assistant deputy chief of naval operations for air, said "the full punch of our carrier-based aircraft is yet to be felt by the Japs" and declared that Japan may expect air strikes of as high as 2,000 planes from America's fleet of air carriers.

"He has felt our short jabs but the haymaker is still in store for him," Cassaday said in a prediction of gloom for the enemy.

Twin Blow Struck

Meanwhile, Monday's twin-blow by B-29 Superfortresses against Tokyo and Bangkok in enemy-occupied Thailand, demonstrated the increasing strength of the 20th air force under which the big bombers operate. The raids were carried out simultaneously by B-29's based on Saipan and India.

Because of overcast weather, the second attack on Tokyo by the big bombers was carried out by instrument, but pilots returning to their

### Complete Count Of Soldier Vote

Lawrence County Military Vote Shows Outcome Is Exceedingly Close

After two days of intensive work by the county commissioners and a staff of clerks, the counting of the military ballots cast in the election of November 7 by service men and women of Lawrence County was completed Monday afternoon.

The totals show that the Democratic ticket carried the city and the county in the military ballots with the exception of Republican Candidates James J. Davis for the United States senate, Harvey B. Bush for the state senate and James C. Brice for General Assembly. Majorities in all cases were small, the score in some offices being almost a dead heat.

For president, Franklin D. Roosevelt received 1401 military votes and Thomas E. Dewey 1117. For United States senate, Francis J. Myers received 1209 votes and James J. Davis 1235. For state supreme court, Charles Alvin Jones (D) received 1251 votes and Howard W. Hughes (R) 1208.

Other Offices

For superior court F. Clair Ross (D) received 1383 votes, Chester H. Rhodes (D) 1155, Arthur H. James (R) 1086 votes and J. Frank Graff (R) 1013 votes.

For auditor-general G. Harold Wagner (D) received 1297 votes and G. Harold Watkins (R) 1137 votes. For state treasurer Ramsey S. Black (D) received 1293 votes and J. Edgar Baird (R) 1147 votes.

For congress, the closest race in the military ballot count, Samuel G. Neff (D) received 1231 votes and Louis E. Graham (R) 1228 votes. For state senate Louis E. Klein (D) received 1185 votes and Harvey B. Bush (R) 1211 votes.

For General Assembly first district, Joseph W. Hahn (D) received 692 and James C. Brice 696. For the second district, Frank A. Hulina (D) received 477 votes and W. Sharp Fullerton (R) 599 votes.

The military count makes no change in Lawrence county. Adding the military vote to the civilian vote, the Republican ticket still carried the county but by a reduced margin than that shown in the civilian count. Congressman Louis E. Graham is elected and the two General Assemblymen, James C. Brice and W. Sharp Fullerton, are re-elected.

### New Phase Of Attack On Japan Developing

By CAPTAIN JOHN H. CRAIG  
(Written Especially For International News Service)

The bombing of Tokyo for the second time in four days by a fleet of American B-29's, underscores dramatically the fact, pointed out in this column on Saturday, that the phase of heavy and continuous strategic bombing of the Japanese homeland is beginning in Uncle Sam's war in the Pacific.

Although it is doubtful if American air forces will be able in the near future to rival the European campaign of strategic bombardment in intensity, Japan's industries are neither so great nor so widely dispersed as those of the Germans, and it may well be that America's bombardiers will be able to do more damage to Nippon with less tonnage than has been required to bring present results against Germany.

### Gigantic New German Retreat Now Reported

By THURSTON MACAULEY  
(U. S. Staff Correspondent)

PARIS, Nov. 28.—(INS)—A gigantic new German retreat to the border of the Palatinate in Southwest Germany was reported today by Capt. Ludwig Sertorius, most reliable of all Nazi military commentators.

Sertorius said:

"The main body of German forces from Saarbrücken to southeast of Hagenau are withdrawing under American pressure to a prepared new line which is thought to lie some distance south of the border of the Palatinate."

"The expected new large-scale offensive of the Third U. S. Army against the forefield of the German westwall in the Lorraine-Saar area border region is now in full swing."

### Graham Named As Congressman

Complete Count Shows Re-election By Majority Of 1,072 Votes In District

On the basis of military returns made public today in the three counties comprising the 25th Congressional district, Congressman Louis E. Graham has been re-elected by a majority of 1072 over his Democratic opponent Samuel G. Neff.

The total vote reads, Graham 61,345 and Neff 60,473.

In Lawrence county Mr. Graham's total vote is 17,938, of which 16,710 were civilian and 1228 military. Neff's total is 16,998 of which 15,767 are civilian and 1231 military.

Beaver county Mr. Graham received a total of 24,407 votes of which 22,668 were civilian and 1739 military. Neff received 31,381 votes of which 29,356 were civilian and 2025 military.

In Butler county Mr. Graham received 19,200 votes of which 18,047 were civilian and 1153 military. Neff received 12,694 votes of which 11,270 were civilian and 824 military.

The total vote cast for congressman in the Republican and Democratic tickets was 122,018. Of the total vote, Congressman Graham received 50,431 per cent and Mr. Neff 49,569 per cent.

Rail Centers Of Germany Hit By British-Yanks Destroy 102 Enemy Planes

LONDON, Nov. 28.—(INS)—Royal Air Force heavyweight planes, operating in great strength, attacked Freiburg and Neuss German rail centers and advance supply bases for Nazi troops on the western front, during the night, the air ministry announced today.

Block-buster Mosquitoes at the same time attacked Berlin.

The raid on Berlin was acknowledged by the German radio which asserted that the Reich capital was "subjected to a nuisance raid."

United States air force headquarters disclosed meanwhile that the force of some 500 Yank fighter planes which made an offensive daylight sweep over northwest Germany and were engaged in combat by about 400 Nazi planes had destroyed 102 enemy craft, 98 in the air and four on the ground. Headquarters said 13 American fighters were missing from the day's operations.

In addition to bagging the more than 100 German planes, the Yank fighters shot up 72 German locomotives, 119 freight cars, 51 oil tank cars, a railroad station and 19 barges.

Only one bomber out of approximately 500 Fortresses and Liberators which blasted the rail yards at Offenbourg, 10 miles southeast of Strasbourg, and Bingen, west of Mainz, was lost.

# Tommy Dorsey Trial Is About To Be Started

By JULIAN HARTT  
(U.S. Staff Correspondent)

LOS ANGELES, Nov. 28.—Selection of a predominantly female jury to try Tommy Dorsey on charges that the band leader feloniously assaulted Actor Jon Hall, moved rapidly to completion today.

Defense lawyers indicated they would claim Dorsey was defending his wife against "molestation" in the now famous "bottle of the balcony" last August 5.

A tentative panel of nine women and three men occupied the jury box in Superior Court Judge Arthur Crum's court, where the "sentimental gentleman of swing" in his slim brown-eyed wife Pat, Dame Dorsey, and their apartment house neighbor, Allen Smiley, were cast as co-defendants.

Hall, hero of South Sea film epics and husband of Frances Langford, on a tour of war fronts in that same area when the fracas at Dorsey's Sunset Plaza apartment took place, as yet had made no appearance in court.

# New Orders To Draft Boards

HARRISBURG, Nov. 28.—(INS)—Pennsylvania's 422 local draft boards were directed today by Col. Richard K. Mellon, state selective service director, to induct registrants in the 30 to 38 age group not engaged in war work or allied occupations.

Mellon said the request was issued in an effort to discourage shifting of male workers from vital to non-essential industries.

The blanket order was designed to catch registrants leaving war industries and going into other activities merely to "increase their individual incomes in some totally non-essential field."

Mellon also emphasized that men of the 18-26 age bracket may receive occupational deferments only when clearly designated as "necessary for the successful prosecution of the war."

He explained registrants of the 26-30 age range must be employed in war industries or allied businesses to merit occupational deferments.

in the European theatre, but are big enough to produce great effect, if the raids are continued at close intervals over a prolonged period. On the run from Saipan, where the giant planes are based, the B-29 can carry about five tons of bombs to Tokyo according to current estimates. This would foot up at a total of 500 tons for each raid.

Such a tonnage dropped every fourth day would soon begin to leave its mark on Japanese production, and it is quite likely that it will be found possible to speed up the process considerably as work on air base facilities on Saipan develops. Saipan is big enough, according to reports, to accommodate squadrons totaling at least 500 big bombers, and if room is lacking on Saipan itself, there are other large islands nearby, which among them, should be able to provide all the space the navy and air force may require.

# Bomb Bangkok Also

While the nikados' capital city was catching a pre-view of the bombing inferno that is to come, America's 20th air force, based in India, also flying B-29s, put on another important strategic bombing operation nearly 3,000 miles from Tokyo, at Bangkok, capital of Japanese-occupied Thailand, where the important Bamsue railroad yards were pulverized.

This railroad network enables the nikados' general staff to move important material overland for approximately 1,500 miles of the journey between Nippon's main islands and her ill-gotten empire to the south, thus avoiding exposing her cargo vessels to the dangerous waters of the South China Sea. Yesterday's Bangkok raid was aimed at cutting this rail link. It may also portend action at last in the long delayed drive from India.

# BRITAIN REPORTS ON WAR LOSSES

(Continued from Page One)

British war effort that have until now been kept secret were:

1. More than one-third of all men between 14 and 64 are in the armed forces, while almost half of the women between 14 and 59 are in the armed forces, full-time civil defense, or industry.

2. By the end of 1943 Britain had lost 11,643,000 gross tons of shipping—two-thirds of the tonnage with which she began the war.

3. Britain has produced 70 per cent of the total munitions produced by, or supplied to, the entire British commonwealth, including 722 major warships, over 100,000 airplanes, over 25,000 tanks and almost four million machine guns and submachine guns.

4. Britain has halved her food imports and has doubled her home production of wheat and barley, and has greatly increased her production of other foods.

to the top place in the State department, and the top post in the cabinet, was generally believed to have been the result of Cordell Hull's recommendation to the President.

WASHINGTON, Nov. 28.—Senate confirmation of Edward R. Stettinus Jr. to be secretary of state succeeding the ailing Cordell Hull appeared assured today.

Despite frankly confessed disappointment of some members that War Mobilization Director James F. Byrnes was not selected for the cabinet post, both Democratic and Republican leaders praised Stettinus.

(Continued from Page One)

Saipan bases said last night there was no reason why there should not be a lot of fires in the Japanese capital.

Principal objectives in the Tokyo attack was the industrial waterfront. It was struck by a sizeable task force which the Japanese said included 40 Superforts.

No Combat Losses

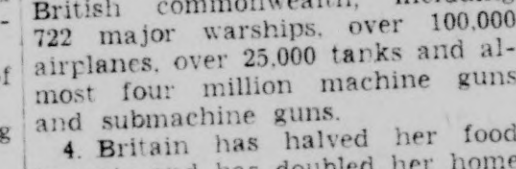

In the Bangkok raid, direct hits were scored upon the heart of the target and the aggregate bombing results of all the planes taking part were described as "good."

The war department said the B-29s carried out both attacks without combat losses, giving the lie to Jap claims that one was shot down over Bangkok.

## MARY L. MIZAK WEDS LOCAL MARINE

Miss Mary L. Mizak, daughter of Mr. and Mrs. Michael Mizak, of 1605 Morris street, and Sgt. Frank Zywar, U. S. M. C., son of Mr. Mary Zywar, of 46 High street were united in marriage, Sunday afternoon at 3:30 o'clock, the wedding ceremony being performed in St. Michael's church. Rev. Fr. William M. Psarck officiated, using the double ring ceremony.

The bride was charming in a white tulle gown, princess style, with sweetheart neckline, fitted bodice and long sleeves. Her long illusion veil fell from a crown of orange blossoms. She carried a bouquet of white mums.

Miss Dorothy Giamar, cousin of the bride, was maid of honor, wore a yellow tulle gown, and carried yellow mums.

Michael Seginak served the bridegroom as best man.

A reception followed in St. Michael's parish hall at 6 o'clock. At 6 o'clock, a shower party was held for the couple. They received many useful gifts.

Mrs. Zywar graduated from the New Castle High School, and has been employed at the Johnson Bronze company. Sgt. Zywar was employed at the Shenango Pottery company, prior to his induction. He has been stationed in the South Pacific for two years, and will shortly leave for his next assignment.

Sgt. and Mrs. Zywar departed on a two week wedding trip to New York. Upon their return she will reside with her parents on Morris street.

Guests from out-of-town included Paul Anthony of Glassport; Mr. and Mrs. Nick Payto of Cleveland; and Mrs. Mildred Narin of Glassport; and Mr. and Mrs. Volivar of Youngstown, O.

## C. D. OF A. CHARITY PARTY IS ENJOYED

November Charity party of the C. D. of A. chapter No. 231, proved to be one of the loveliest of early winter parties sponsored by the organization, the event being held in the auditorium of St. Mary's church.

Quite a few members and guests attended, and during the informal social hour tables of bridge and 500 were in play. Miss Dorothy Silvis captured the high score in bridge, and Mrs. Mildred Burrows and Mrs. Eleanor Skundor were winners in 500. Contest winners were Palma Julian and Regina Norris.

Special prizes were captured by Regina Norris and Mrs. Mary Joyce.

At the close of play the group enjoyed a dainty lunch on a beautifully arranged table, flanked with red candles, lending a festive air to the occasion.

Mrs. Evelyn Woods chairman was aided by the following committees in making the event one of the most successful parties held by the C. D. of A. Mrs. Mary Maher, Mrs. Hazel Seisler, Mrs. Mary Geddis, Mrs. Betty Semler, Mrs. Mary Brown, Mrs. Marie Jones, Mrs. Marie Metz, and Mrs. Mary McCoy.

For discussion, the group continued there theme on "Canada" with Mrs. Phoebe Updegraff giving a paper on "The Present Canadian Government." Another article entitled "Peace Bridge and Boundary Garden" was offered by Mrs. R. F. Meermans. The concluding subject, colorfully related by Mrs. Roy A. Long, were facts concerning the American and Canadian troops, entitled, "With General Frederick and His North Americans."

December 11 the group will hold their Christmas party.

## MEEHAN-CARNEY WEDDING IN IOWA

In St. Augustin's Chapel, Des Moines, Iowa, an impressive morning wedding ceremony of interest locally took place on Friday, November 24, the principals being Miss Mary Louise Meehan, daughter of Howard Platt Meehan of Meadville, former residents of Crawford avenue, this city, and Krieh Gerald Carney Jr., son of Mr. and Mrs. Krieh Gerald Carney of 2841 Kingman boulevard, Des Moines, Iowa.

Nuptial mass was celebrated at 10 o'clock by the Rev. Francis T. Zuch in the presence of a small group of friends and relatives.

The bride was given in marriage by her father, and her only attendant was Mrs. George Vernon Orr Jr.

Krieh G. Carney served his son as best man, and Everett M. Griffith and Cyril T. Carney were ushers.

**Says Air Conference Failed In Objective**

WASHINGTON, Nov. 28.—At the very last minute, the air conference in Chicago failed in its chief objective. The high hopes were suddenly dashed to the ground.

Just what went wrong is a matter of argument between the British and ourselves. The American delegates say that Britain welched at the last minute on a previous agreement to bar the quota system for air traffic, a system that our Senate would never approve in a treaty.

Apparently someone in London—and it must have been someone very high up—pulled the plug on an agreement that was final except for signatures. What looms bigger than the Rock of Gibraltar is that Britain seems to be demanding that the world's air traffic be divided on a 50-50 basis regardless of America's competitive position.

The British are doing this by holding out for a stipulation that air lines making long international hops must not be allowed to pick up passengers and freight at intermediate stops on the way to the ultimate destination. Such long distance flights are not commercially possible unless business can be picked up along the way.

An interim sub-committee has been named to try to work out this basic difference. But to put it in the words of Adolf A. Berle Jr., chairman of the American delegation, we were still back in the 17th century and that door into the 20th century that had been about to open is shut again.

This failure seems to me very serious. It makes the "limited success" of Dumbarton Oaks look small indeed. All the fine talk in the world about co-operation and security will mean little if we can't get together on these basic sources of conflict.

When you put this alongside the failure of the Senate to act on the British-U.S. oil agreement, it looks, as one cynic put it, as though "normalcy" had come back with a rush. It is likely to prove a very costly kind of normalcy.

Sometimes, from this side of the Atlantic, Britain has the look of a nervous old landlady who is occupied with the ownership of his real estate around the world. John Bull, obsessed with the fear that Britannia may cease to rule the waves, clings to old illusions.

And to the British, at times, we must have the look of a Colossus bent on having our way in the world no matter what anyone else wants or needs. Uncle Sam as blind Colossus! That is the picture that gets through to Britons.

Are these the distorting mirrors in which we are to see each other? If so, then it's a waste of time to hold international conferences.

From this side of the water, it looks as though the Churchill government were playing the old familiar game of power politics in Europe. France, Belgium and Holland are to be aligned in a British bloc.

Those three countries have a lot of real estate around the world, too. Perhaps they will combine with Britain to checkmate American air lines under something like the quota system.

All this comes while the war is still being fought, while thousands of Americans, British and French are dying. I happen to believe that this war started as a war for survival. We were confronted with a design for world conquest by the Fascist powers.

We'll survive. We'll come out of it with greater power than we ever had before. But, somehow, I think that survival won't be enough for those who are doing the fighting and the dying. They will want something more. They will not understand why "quota systems" should get in the way of real world peace.

**What People Say**

(By International News Service)

WASHINGTON—Gen. Henry H. Arnold, commander of the Army Air Forces, of the latest B-29 Tokyo raid. "We will keep on hammering at all Japanese industries, wherever they may be. . . . The B-29s and the B-29 crews will not be stopped."

LONDON—Rep. J. Parnell Thomas (R) N.J., member of House Military Affairs Committee touring European war theater, comments on the reported shortage of shells needed on the western front: "There is absolutely no excuse for any such shortage. If it exists it must be left on the doorstep of the labor barons who are responsible for any strikes in wartime."

CHICAGO—Assistant Secretary of War John J. McCloy: "In an informal, but scientific sampling of opinion in the latest B-29 Tokyo raid, the vast majority of the population throughout the world, two-thirds of our fighting men voted in favor of military training for all young men in peacetime."

WASHINGTON—Rep. Charles A. Halleck (R) Ind., asserting "New Deal squandering" of 100 billions in surplus war property is under way. "It now appears that Harry Hopkins, the all-time champion waster, again is playing Santa Claus through certain of his proteges who will administer this vast undertaking."

General Arnold calls for production of twice as many B-29's. It seems the boys who are working on Japan will be in the market for some time to come.

Poets seem inclined to bow to the inevitable. One has just published a bit of verse in which he admits children should be noisy. Previously one had agreed to let the ocean roll on.

Then there was the old fashioned hard-headed businessman who thought it was better for you to run your own peanut and pop-corn wagon than to manage some one else's giant department store.

**Hungry Belgians**

Liberation of Belgium has added another burden to the Allies, who have the task of feeding additional millions half starved during the years of German occupation. After the Nazis had been driven out, there was a brief flurry of plenty, as hoarded and hidden supplies were made available. These were soon exhausted.

Bread will continue to be rationed. Milk is a problem in the cities. A nationwide black market has flourished while the Germans were there. The Allies put that out of business, with the result prices of farm products dropped drastically and farmers are refusing to sell.

Allied nations face a tremendous task in feeding liberated peoples of Europe, with no assurance that they will have the cooperation of those whom they are trying to help. Driving out the Nazis is only the first step in the job of rehabilitating Europe.

**HINTS AND DINTS**

Sun sets tonight 5:30. Sun rises tomorrow 8:07.

You are doing a big job to help win the war by buying War Bonds. Buy all you can.

Trouble is the easiest thing in the world to borrow.

You don't need road manners when you are driving a five-ton truck.

Some people don't mind the lies told about them. What worries them is the truth.

A truthful person is one who doesn't have to remember what he said.

**ANSWERING CURIOUS CYNIC**  
The really big difference between men lies in the six-inch space between the ears.

If you do not believe in evolution, then why are you so proud that your great-grandfather was a general?

Self-made men never seem to suffer the pangs of remorse.

A much is valuable to his family and to his country only in proportion to his knowledge.

It takes two to make a quarrel and the same number to get married.

The easiest kind of advice to follow is the kind we had intended to follow anyway.

When you hear a man saying every man has his price, you are generally safe in concluding that the speaker is one who is marked down below cost.

What has become of the old-fashioned mother who used to frighten her naughty children by saying that unless they behaved she would tell a policeman about them?

It isn't until a man gets to be reasonably old that other people come to him and tell him how he can make a lot of money.

You can't get experience in this world on the easy payment plan.

Some women have good husbands. Others married the men they wanted.

A furniture dealer was establishing a small store in a newly developing district, but the wholesalers found him backward in payment of his accounts. They sent him letter after letter, all of them polite but each more threatening than the last. Finally, they sent their representative down to give him a sporting chance before foreclosing.

"Now," said the caller, "we must have a settlement. 'You are doing a fine business here. Why haven't you paid up?'"

"Well, you see, those threatening letters of yours were so well gotten up that I've been using them to send out to some customers of mine who are 'slow pay' and I've collected nearly all outstanding accounts."

"Now," said the caller, "we must have a settlement. 'You are doing a fine business here. Why haven't you paid up?'"

"Well, you see, those threatening letters of yours were so well gotten up that I've been using them to send out to some customers of mine who are 'slow pay' and I've collected nearly all outstanding accounts."

A successful man is one who found work to do and did it while his neighbors' minds were occupied with passing trivialities, he acted while others fought with indecision.

Being born equal is just in theory, but it means little unless their bringing up is equal.

"Paul, this suit is very shabby. May I have it away?"  
"Here, no!" Martha. That's the suit I wear each time I go to protest against my tax assessment!"

It is axiomatic that when a man has his picture taken with his hat on, it is not to show his hat.

Old age is largely relative—we grow old first in our mind because we pile up useless burdens of bad prejudices, narrow-minded opinions and unpleasant memories.

He who cannot lose gracefully did not deserve to win.

**The Parent Problem**

By GARRY C. MYERS, Ph. D.

**WHEN CHILD WON'T DRINK MILK**

"Dear Dr. Myers:—My little girl who is 25 months old just refuses to take milk. I don't think she dislikes the taste so much as I think she is stubborn."

I have given her milk in attractive glasses, some in bright colors and some with birds on but without results. I have also tried the starvation method of not giving her anything to eat unless she drinks the milk. She still won't drink her milk.

"She will eat everything I give her as she has a marvelous appetite except when it comes to drinking milk. I could get her to take milk in another form, such as junkets, puddings, creamed soups and creamed vegetables, which I do, but I don't want her to win her way by not drinking milk from a glass."

**Mother Upset**  
"I am very much upset over this situation because it has been going on for months and nothing seems to help. When I am not watching her she will spill the milk all over the tray and high chair. I immediately remove her from the high chair, give her a spanking and put her to bed. I hope you can help me with this problem. A self-addressed envelope with a three-cent stamp on it is enclosed."

If your child takes milk only in disguised form she won't get enough now or during succeeding years. You reveal your moth trouble is admitting you are up to the eyes in the milk.

The more vexed you are over her refusal of milk, the poorer her appetite for milk will be. Please read carefully my enclosed bulletins on "Eating Problems" and "Stubbornness."

While for most undesirable acts, some definite, immediate punishment is desirable, it is not desirable in any eating situations. Whereas the pain might correct the specific wrong act, it tends also to connect up with the food making it less attractive and defeating the very thing you wish to accomplish.

**Procedure to Follow**  
Next time she deliberately spills the milk, calmly remove it and give her no other food until the next regular mealtime which also should begin with about half a cup of milk. If she refuses or spills it then, proceed as before continuing in this fashion from meal to meal until she conforms. Like most other mothers with eating problems you gave up before you had time to win.

One more suggestion. When you have occasion in other situations to spank that child don't also send her to bed for punishment. Don't use two types of punishment for the same offense. Don't ever send her to bed for any one thing but to be pleasant to her. Never use punishment when you want your child to like.

The Hung will be finished next spring, then will come the test of our stamina. Will our people work and sacrifice, maybe for years, to finish Japan?

We wouldn't let other countries send us goods in payment for ours, so they sent us their gold which we buried. Thus, in effect, we got nothing of value for our goods.

Zadok Dumkop says he feels sorry for that imaginary invisible white rabbit which is the hit of a successful Broadway play. It will never see its picture in the paper.

Members of Germany's new "Volkssturm" army are given a brief, intensified training with a thorough schooling, no doubt, in pronouncing the word "Kamerad!"

Seafood prices too high, complains an editorial. O.K., but how would you like to try to put a ceiling, say, on flying fish?

Tilly, the titan-tressed typewriter, says she'd, too, start smoking one of those little cigarette-short pipes, if she could find one to match the color of her hat.

**BUSINESS TELEPHONE TECHNIQUE**  
"I am secretary to a rather important man. Several times, I have been criticised for my telephone technique. When my chief asks me to put through a call for him, I always wait until the person called is on the telephone before putting my chief on."

Answer: When you put through a call to anyone considered his professional or social equal, your chief should be on the telephone when the person called picks up the receiver.

It is rather insulting to assume that his time is more valuable than that of the one he is calling. Some of the busiest and most important executives extend this courtesy.

When you answer incoming calls, is it correct for you to wait until the person calling is on the telephone before putting on your chief?

Many a business deal has been lost through irritation over just such trifles as a few minutes' wait to telephone that your chief is too important to be on the telephone ready to talk when a business or social call is called by you.

Question: "I am marrying for the second time and to carry an arm bouquet rather than wear a corsage. What about my maid-of-honor?"

M. C.  
Answer: Usually, the bride who wears anything other than the traditional bridal gown and veil wears a corsage and the maid-of-honor does likewise. However, if you wish to carry an arm bouquet, you may, especially if you will have on a full-length dress. With street-length clothes, a shoulder corsage would be more appropriate.

Tomorrow—Introductions.

**Hurry-Up Christmas Plan Irks Capital Scribe**

Writer Years For Take-It-Easy Yule Season  
Recalls Time When Christmas Was Wonderful

By HELEN ESSARY  
(Central Press Columnist)

WASHINGTON, Nov. 28.—If this 1944 order to "Hurry! Hurry! Hurry!" The 25th of December is now—now! is obeyed, then in a couple of days, Christmas will be just a memory.

I'd always thought that in theory at least, Christmas was a time to be happy. It was also a seasonal time of the year. It usually began to drift into the mental and financial consciousness about Dec. 1.

Or Dec. 15, if you were a twice-a-month pay-checker. From the 15th on, you ran around in a frenzy with a list in your hand and furrows in your brow. Getting more and more agitated by Christmas spirit and aching feet.

And then before you were ready for the big celebration Christmas was upon you. Christmas day itself. Christmas was fun then. But what is this thing they call Christmas this year? And is there a Santa Claus?

There isn't a Santa Claus this year if he's got himself disguised as my Aunt Louisa.

**Aunt Louisa Practical**  
My Aunt Louisa came to see us three or four weeks ago. Aunt Louisa had a package with her. The package was wrapped in paper decorated with sleighbells and cannon balls. The package was tied with some plastic ribbon that wouldn't make a bow.

"Here," said Aunt Louisa, firmly. "Here is your Christmas present. I've not only shopped early, I've mailed early. And I'm delivering early."

"Oh! How sweet of you, Aunt Louisa!" all of us cried cheerily. "Don't be grateful," said Aunt Louisa. "It is a family present. And practical. Three dozen cakes of soap. That's what it is. Thought I might as well tell you. Well, I've got that done," she sighed.

Taking a little memorandum book out of her pocket, Aunt Louisa scratched off our names. To our satisfaction, she shortly thereafter departed. With her, I hasten to say, went the spirit of Christmas. And I wouldn't have been able to get the darn thing back yet.

I wouldn't have brought up the subject of Christmas at all today if I were not unconsciously yielding to the pressure of the Have-Your-Christmas-Ready-Early campaign. Fact is, I am now engaged in writing a Christmas column.

What I honestly think about Christmas this year is that it hasn't a leg to stand on. It's too organized. Christmas at all today is a misnomer and an exaggeration and a confusion and an up-road from which everything turns out very well indeed. But what are you going to do about a Christmas in which the military takes over?

**Toy Shortage-Headache**  
How are you going to feel right about Christmas this year and chant of "Peace on earth and good will toward men" with a flame bomb in one hand and a block buster in the other?

You've got to forget so much this Christmas. You've got to pretend more than you usually do even have to pretend that concoction you serve on your Christmas platter is a turkey. Where all the turkeys will go, on Dec. 24, I don't know. Certainly the chickens are stay-at-homes. And the tough old hens never wander. But turkeys, so the prophets are saying, will not be with us.

There's the toy shortage, too. Terrible, hard on the dear little children, you say. Not at all. Only adults like toys. Manufactured toys. Children prefer to make up their own toys.

To return to scarcity—there's a scarcity of everything but money. There's nothing you really want that money can buy. Shoddy stuff everywhere you go. This year's money is kind of shoddy, too. When you think of what made this extra cash with which we are doing up our Christmas, when you think of what a price we have paid for this prosperity—why, well—there's nothing we can do about that, either.

So, a Mer r'Christmas to you! Remember—have fun! Remember, too—whatever else you feel or think Christmas is the hope of the world!

Each Christmas since the war began I have bought War Bonds as gifts. I feel better for doing it, and I know that they are safe investments. But each Christmas I have also seen money, a part of which should go for bonds, spent recklessly and foolishly without a thought that this unattractive opportunity must end, and that the only safety is in saving.

The plain truth is that America has gone on a spending spree. True, there is not much to buy, and much of it is inferior. But money has always burned our pockets, so now we crowd the stores, often buying what we do not need, and hear less and less about War Savings Stamps and more about the early ending of the war.

Yet we are just getting our second wind in these two wars of ours. Nobody with any sense believes that the German one is over and in the Pacific we are no more than off to a good start. It is true that we have done a magnificent job so far. No other nation in the world is still supplying all the allied countries with our war materiel, with men and treasure, and doing it with blood and sweat and tears.

But the job is not over. Things are not all that bright.

Extravagant spending only reduces the buying power of the dollar. We have the same number of dollars, but they buy less and less. So we have to cushion the dollar. Pretend it. Keep its buying power up and our spending down. Only saving will do this, and our War Bonds are savings, as well as money to fight our wars and equip our men so they can fight with a hope of survival, and at last come home to us.

**LOOKING AT LIFE**

By ERICH BRANDEIS

You will have to excuse me if this column is rather difficult to read today, but the third finger of my left hand is bandaged, and that one of the fingers I use to do my typewriting.

But, come to think of it, you don't have to read my typewriting, so maybe it will be all right, after all. But that bandaged finger is very humiliating.

My wife wanted me to put up a necktie holder in my closet. "Be careful, though, dear," she said, "don't hurt your finger!" I smiled condescendingly. "These women!" I said to myself, "always worrying about something."

So I got the rack, the screws, screwdriver and a hammer. I always use a hammer to make a hole for the screw.

Blithely I started in when, bang, came the hammer down on my finger—and you know the rest.

My wife put some salve on the finger and bandaged it and never smiled and sympathized with me—and put up the tie-rack.

**Felt Humiliated**  
But I felt humiliated. In the first place once again my wife's poor opinion of my mechanical ability was vindicated.

Secondly, here I am with a college diploma and a knowledge of many of the so-called "higher" things and can't even do what an ordinary carpenter who hasn't gone any farther than fifth grade can do. I thought of a conversation we had in Toots Shor's restaurant in New York the other evening.

Somebody wanted to know whether I thought that John Kieran of "Information Please" fame or Westbrook Pegler had the higher intellect. I stood up for Pegler because I believe that opinion is more difficult than retention of encyclopedic material.

If I were asked the same question today I would say "Both may have high intellects, but the most useful intellect is that of the handy man."

**Would Probably Starve**  
Supporting Pegler and Kieran, and I completely uneducated handy man were stranded on a far-away island.

Pegler, Kieran and I would probably starve or freeze to death arguing about the history, geology, biology and psychology of desert islands, while, in the meantime, the handy man who would naturally have a hammer, a knife and a few nails in his overall pockets would build a shelter and hunt up something to eat.

But, of course, he might get bored to death after dinner.

So I say—get an education and at the same time, learn how to use tools.

## Full Production During Holiday Period Is Asked

WASHINGTON, Nov. 28.—The War Production Board has called for full production schedules in all war plants during the Christmas week-end, with the exception of Christmas Day. Christmas falls on Monday.

Chairman J. A. Krug said: "Because of its profound religious significance, Christmas Day is the one holiday of the year which we should observe as a holiday. However, our production schedules are so urgent we cannot afford the luxury of a shutdown over the entire Christmas week-end."

"In addition, work should be carried on on Christmas Day itself in plants where continuous operation is necessary, such as blast furnaces and open hearth furnaces producing carbon steel."

Krug asked all war plants to operate full production schedules on New Year's Day.

## THE WORLD AND THE MUD PUZZLES

(Continued From Page Four)

reason that wage workers can stand it; they are making more money and recognize that they must contribute to the necessary expenses of war. In peace times, when the expenses of war are no longer necessary and when neither industries nor employees can expect to make so much as in war time, extraordinary taxes become a serious hardship and in many cases an impossible burden.

It is a common delusion that "soaking the corporations" with high taxes means a saving to the small individual taxpayer. If the corporation survives, it must meet its tax bill by adding to the cost the consumer pays for its product, and the usual result is that the consumer pays more in living costs than he saves in taxes. High taxes on industry work against the worker in two ways: they take money from industrial income which could be used to increase wages and they add to the worker's cost of living.

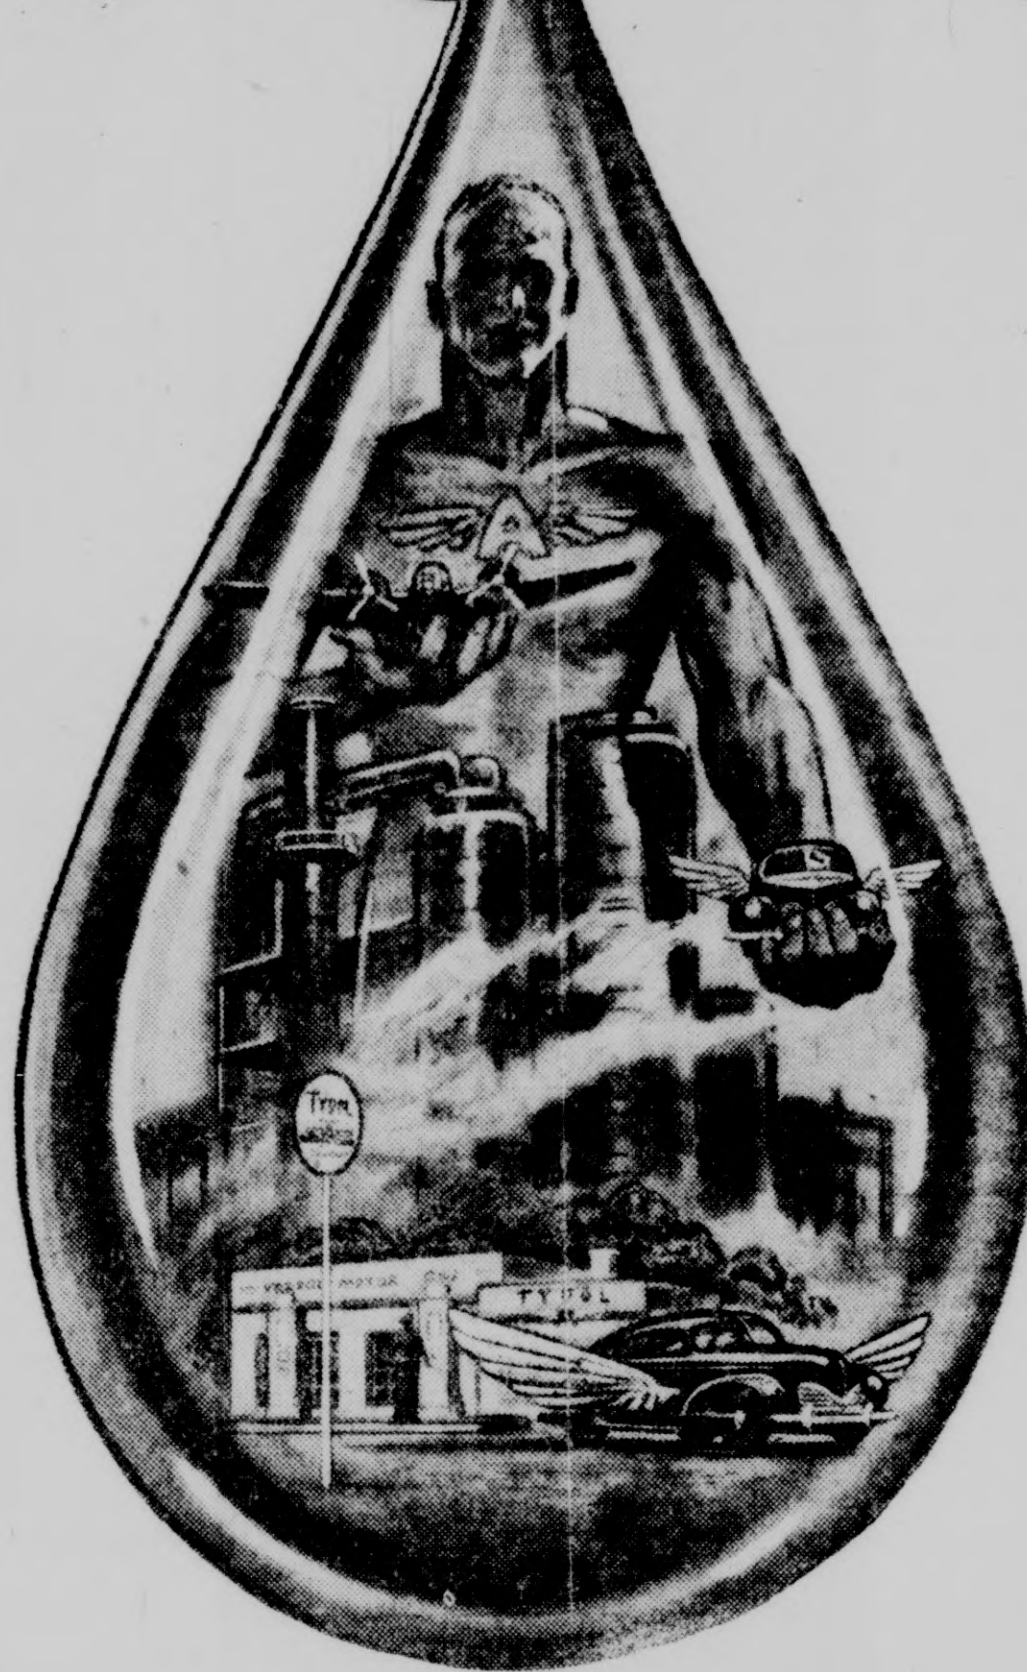

Thus the matter of taxation becomes a subject of common, mutual interest to industry and industry's employees. Intelligent leaders of organized labor took cognizance of this fact during the discussion of tax bills in Washington some time ago, when one leading group of Union executives issued a protest against excessive tax rates as a threat to employment and high wages.

Taxation is a fundamental point in any intelligent consideration of post-war employment and one to which the mass of citizens, as well as the law-makers and economists, should give serious consideration.

Interruption of transportation by floods recently caused food shortages in large cities of Colombia.

A giant in every drop!...

# Tydol Flying-A Gasoline will put wings on your car

This giant is the mighty new power of petroleum. It will serve you in every drop of post-war Flying-A... a finer, greater gasoline.

The process that unlocks this tremendous new energy in petroleum, is today a war process. It helps drive our tanks forward, sends roaring bombers and fighters in their swift flights, propels countless weapons of war on every battle front.

But as soon as Victory is won, it will become a peace process... for Tide Water Associated's catalytic cracking units will be converted to peace production—almost overnight! And the great new Flying-A that will emerge, will swing open the door on a new automobile age, an age of winged travel:

Speedier starts... instant acceleration... smoother performance...

And automobiles with better, lighter, more efficient engines—that will be created to utilize the full new power this gasoline makes available.

When the last gun of the enemy is silenced in defeat, then petroleum's giant new power will be ready for the tasks of peace... ready for you. Look for it wherever you see the symbol of Tydol Flying-A!

### DIVORCES GRANTED

Judge W. Walter Braham has granted the following divorces: Raymond Ferro from Ethel F. Ferro; Martha Ellen Antonioti from Robert Frederick Antonioti; John Ross from Mary Josephine Ross.

### OPINION HANDLED DOWN

In an opinion handed down by Judge W. Walter Braham a judgment of \$500 held by Nick Billo

against Nicholas Georgeadis is opened and suit permitted. Mr. Billo claims Mr. Georgeadis owes him the sum mentioned and Mr. Georgeadis contends he owes the plaintiff nothing. The amount is in dispute in the transfer of a cafe license on the east side.

### BUDGET TIME

Budget time is just around the corner for County Controller Andrew W. Dodds and with it the question of whether or not there will be an increase in county taxes this year.

At the present time there is in the general fund about \$180,000 which must last until taxes start coming in next year.

The question of road damages, possible increases in salaries, building a new detention home will all enter the budget picture and the question of whether to raise the county mileage from two mills will be a question for the county commissioners.

It depends upon how the word is defined as to whether or not water could be considered a food. If, by food, is meant an element which nourishes the body, water would not be considered a food. But if it is defined as an element necessary to maintain life in the body, water is a food.

## TAX MILLAGE RATE FOR CITY TO REMAIN SAME

(Continued From Page One)

\$21,000, bridges and buildings \$5,990 and sanitary sewer motor equip-ment \$1,800.

Council decided upon a shift from the present system of paying em-ployees of the garbage department, asserting the system has proved un-satisfactory. The employees will be paid on a tonnage basis which if it fails will result in the collection being let out on contract.

The tentative budget for 1945 will be presented to council either Wed-nesday or Thursday.

The assessed valuation for 1945 is \$52,000,000 and the proposed tax rate will be divided as follows: for general revenue 11 mills, for sink-ing fund 1 1/2 mills and for library one-half mill.

Word has been received by Tillie Solomon of 133 East Leisure avenue, of the birth of a son to Mr. and Mrs. Samuel Brenner, of Hattiesburg, Tex., on November 23, 1944. The baby will be named Alan Gerald.

## State Decreases Traffic Deaths

September Total Eleven Short Of Last Year's; Lawrence County Also Shows Decrease

Although the number of 196 fatalities recorded for the month of September is an increase of 22 over the number listed for July, it is a reduction of 11 over the number of fatalities during September, 1943, in the state according to the latest statistics released by the Bureau of Highway Safety in Harrisburg.

Dividing the figure, this is a reduction of three for the rural areas, and a reduction of eight in the urban sections.

Lawrence county, however, reverses this trend, with the figures for the first nine months of this year showing a decrease of three in the rural areas over the first nine months of 1943, and an increase of two accidents in the urban areas.

Lawrence county also shows a decrease of two in the number of pedestrians killed during the first nine months of the year, the report continues. This decrease comes in the rural areas where only one pedestrian has been killed in 1944, as compared with five in 1943. In city and borough sections, however, four pedestrians have been killed this year, as compared with only two in 1943.

Altogether, Lawrence county has had 11 persons killed so far this year, five of whom were pedestrians, and as 12 persons were killed during the first nine months of last year, seven of whom were pedestrians.

Four counties in the state are free from any fatal accident in 1944, but all four of these counties has at least one fatal accident during the January-September period of 1943. Philadelphia leads the list of counties showing a decrease, with its cut of 35.20 of which are decreases in the pedestrian-fatality list. Clearfield county leads the increase list, with a jump of 10 fatalities.

Overseas only since last August, he has participated in numerous bombing attacks on airbases, oil refineries, railroad yards, and bridges in Germany, France, Austria, Hungary, Romania, and Italy, to receive the Air Medal and an Oak Leaf Cluster.

Staff Sergeant Rainey has been in service since March, 1943.

### Surgical Dressing Workers Needed

Ninety Thousand Dressings To Be Completed For Red Cross By Christmas

More volunteer surgical dressing workers are needed in order to complete a quota of 90,000 dressings by Christmas. Mrs. Norman A. Martin, chairman of surgical dressings for the Red Cross said today in an appeal for an increased turnout of workers.

Attendance has been falling off and it must pick up if this work is to be completed.

There are 12 Red Cross surgical dressing classes a week. Monday morning; morning, afternoon and evening classes on Tuesday, Wednesday and Thursday, and morning and afternoon classes on Friday. They are held in the Red Cross room at the Scottish Rite Cathedral.

**Amazing results shown in improving the Looks... boosting VITALITY!**

1—Promote the flow of vital digestive juices in the stomach  
2—Energize your body with RICH, RED BLOOD!

Improper diet, overwork, undue worries, colds, the flu or other illness often impairs the stomach's digestive functions and reduces the red-blood strength.

A person who is operating on only a 70 to 75% healthy blood volume or a stomach digestive capacity of only 50 to 60% normal is severely handicapped. At such times Nature needs extra help to restore its balance and function properly. Undigested food places a tax on the system...insufficient blood strength is a detriment to good health.

If you are subject to poor digestion or suspect deficient red-blood as the cause of your trouble, yet have no organic complication or focal infection, SSS Tonic may be just what you need!

SSS Tonic is especially designed (1) to promote the flow of VITAL DIGESTIVE JUICES in the stomach and (2) to build-up BLOOD STRENGTH when deficient. These two important results enable you to enjoy the food you eat...to make use of it as Nature intended. Thus you may get new vitality... pep... become animated... more attractive!

**Build Sturdy Health and Help America Win**

Thousands and thousands of users have testified to the benefits SSS Tonic has brought to them and scientific research shows that it gets results—that's why so many say "SSS Tonic builds sturdy health—makes you feel like yourself again." At drug stores in 10 and 20 oz. sizes. © S.S.S. Co.

### Lt. Jack Hanna Wins DFC For Asia Flights

AIR TRANSPORT COMMAND BASE, India.—First Lieut. Jack E. Hanna of R. D. 6, New Castle, Pa., has received the Distinguished Flying Cross after completing 300 hours of piloting transport aircraft over the dangerous and difficult India-China air routes, where enemy interception and attack was probable and expected.

Flying the toughest air trail in the world, the route over the "Hump," Lieutenant Hanna went at night as well as day, at high altitudes over mountainous terrain and through treacherous weather which necessitated long periods of operation on instruments. He accomplished his missions with distinction and courage.

### New War Prisoners At Kane CCC Camp Not Superman Type

KANE, Pa., Nov. 28.—(INS)—Approximately 200 prisoners of war, described as a "bewildered bunch of kids," were brought into Kane on a special train and conveyed to a former CCC camp at Duhring recently.

The prisoners were guarded by a score of military police, armed with automatic rifles and machine guns. Army transport trucks and a corps of guards from the Duhring camp were on hand to receive the prisoners and to transport them to the camp, where they will work on timber cutting jobs in the Allegheny National Forest.

One witness said the new prisoners appeared wholly unlike any previous groups seen in Kane. The groups already established appeared happy and carefree, singing their national anthem at the top of their voices as they passed through the town, while the new arrivals were silent—not even speaking to each other—and moved mechanically under direction of the guards.

One of the Nazis appeared to be a lad of not more than 12 years of age, another witness reported. Bully Hill camp, near Sheffield, received the first contingent and is reported to be at full strength now. Camp Duhring was the second camp established and the new arrivals are expected to put that camp up to capacity.

### Woman Posing As Wounded Nurse Given Sentence

PITTSBURGH, Nov. 28.—(INS)—Ann Tripp Brown, 27, who was wounded and died in Pittsburgh Army circles while posing as a wounded major in the Army Nurse Corps, was sentenced to 18 months in a reformatory by Federal Judge R. M. Gibson, on Monday.

Miss Brown, known by 11 aliases and to the police of three states—took the sentence without a word.

She pleaded guilty to "falsely assuming and pretending to be" a major and so passing two worthless \$50 checks on a Pittsburgh hotel.

Miss Brown, arrested in Washington nearly a month ago, appeared in army circles bedecked in campaign ribbons and the purple heart. She even affected a limp to show she had been "wounded," acquaintances said.

### SOLDIER BROTHERS MEET IN ENGLAND

Mrs. Kenneth Lytle of 610 South Ray street has received word from her husband, Pfc. Kenneth Lytle, attached to the Infantry, stating that he met his brother, Sgt. Grover C. ### Pennsylvania Road Tests Turbine Power In New Locomotive

Another new locomotive, capable of pulling a full-length passenger train at 100 miles per hour, has been developed for the Pennsylvania railroad, and is now undergoing tests to determine its adaptability to the road's long-distance high speed passenger and freight service. Leroy Simcoe, chief clerk of the Pennsylvania's E. and A. division, announced today.

operate that has ever been constructed, this locomotive is powered by a steam turbine instead of by cylinders, pistons, and driving rods of the conventional engine. The turbine shaft is rotated by the pressure of jets of steam against the more than 1,000 steel vanes of the turbine wheel, and a continuous flow of power is transmitted to the driving wheels through speed reducing gears.

These gears operate continuously in an oil bath and mesh with so little friction that ninety-seven per cent of the turbine's power reaches the driving wheels. The engine and loaded tender weigh only nearly a million pounds, and cover 123 feet of track.

Both forward and reverse move-

ments, at all speeds, are controlled by a single lever, actuating specially designed pneumatic control apparatus. Automatically functioning devices make incorrect handling of the mechanism impossible.

### Fill In Back Of Transfer Certificate

On the reverse side of the new certificates of transfer, dealers in used cars are to tell whether or not the car which they are selling was acquired before or after September 12, 1944, when all dealers took inventor of their stock and

filled copies with the Price Panel Board.

This helps the Price Board to keep their records straight, the board explained. Many dealers have not been giving this information, and the certificates have had to be returned.

A survey of both dealers and non-dealers who sell used cars will take place during the early part of December to check whether or not the seller is a dealer, and if he is complying with tagging requirements. Dealers are those who maintain a repair shop, or have arrangements with some other repair shop to do their work, while non-dealers are persons who buy and sell used

cars without maintaining any repair service or giving any guarantees.

### Sgt. Donald McKee Is Wounded Again

Local Sergeant Wounded Second  
Time On November 8 In France,  
Mother Is Notified

Mrs. Jane McKee of 1215 Finch street received a telegram from the war department notifying her that her son, Staff Sgt. Donald McKee, has been wounded for the second time in France, on November 8.

Three months ago the local sergeant received his first wounds and was awarded the medal of the Purple Heart. Upon recovery he went into combat again, and received additional wounds on November 3.

The sergeant is stationed with General Patton's army, and has been overseas for the past five months. He was also honored with the infantry badge for action against the enemy.

His father is also in the service, Sgt. Frank McKee, who was also wounded in action somewhere in the Hawaiian islands, six months ago. He recovered in the Deshon hospital in Butler, and has now been transferred to New York for assignment.

Mrs. McKee recently received a letter from her son's commanding officer, Claude Fontaine, who commented highly upon the conduct and actions of Staff Sgt. Donald McKee.

He says: "I have known Sgt. McKee for some time, and in every instance he has been alert and attentive to duty. His every mannerism speaks well for the time honored subject—Military Courtesy and Discipline. This week our regiment has been firing on distance range. At my request Sgt. McKee prepared the necessary firing charts. It was evident that the chart to be used the next day would have to be modified. The next night after a full day on the range, I explained the necessary changes, thinking that Sgt. McKee would correct the chart drawn. When I entered the orderly the next morning Sgt. McKee was laboring over a completely redrawn chart. But he was not too tired to greet me with a cheery greeting. He had spent the entire night making a new chart, when the average man would have been inclined to erase and resubmit the original chart."

"I wish to commend S. Sgt. Donald McKee for his superior performance of duty."

CLAUDE FONTAINE,  
Commanding Officer.

### Boy Who Swallowed Machine - Gunner Is Reported As Saved

CHICAGO, Nov. 28.—(INS)—Two-year-old Marvin Pulver was rid of his machine-gunner, danger of infection apparently was past, and the lad soon will be returned to his home in Mason, Mich., physicians at Children's Memorial Hospital in Chicago reported today.

Marvin was flown to Chicago in a chartered plane after he had swallowed the machine-gunner, a small plastic toy, which was a "prize" in a box of confection. The toy lodged in the child's esophagus, establishing what military experts possibly might describe as a "road block."

Anyway, it successfully was removed at the hospital which is the only one in the United States with a bronchoscopy department exclusively for children.

### Draft Controversy In Canada Grows

Now Propose All Draftees Be  
Required To Serve In Any  
War Theatre

OTTAWA, Nov. 28.—(INS)—The controversy over drafting of members of Canada's home defense army for overseas service mounted today as progressive conservatives placed before the House of Commons an amendment stipulating that all draftees be required to serve in any war theatre.

"We want total war but we have not been getting it from this government," Gordon Grayson, progressive conservative house leader, declared. "The public wants us to do a job in this parliament and they are not going to be satisfied with a half-finished job. They do not want any more delays in providing help for our hard-pressed troops."

Declaring Prime Minister W. L. Mackenzie King's government had not gone "far enough" in "surrendering" to a "partial policy" of overseas compulsory service, Grayson asserted that the order-in-council to send 16,000 members of the home defense army overseas was "an unwanted child in the hands of a reluctant parent to care for it."

### T-Sgt. Ludovici Enjoying Leave

Air Force Gunner, Wounded Over  
Ploesti Last May, Arrives Home  
On Leave From Mediterranean

T-Sgt. Clyde V. Ludovici, son of Mrs. Maddalena Ludovici, of 416 E. Reynolds street, waist gunner aboard a Liberator Bomber in the 15th Air Force, who has had some thrilling experiences over southern Europe, has arrived home for a 21-day leave from the Mediterranean area.

Sgt. Ludovici was wounded on a mission over the Ploesti oil fields in Rumania, on May 29, when he was struck in the thigh by a piece of shrapnel from enemy ack-ack.

He has been in service since March 1943. On completion of his leave here, he will report to Miami Beach, Fla., for reassignment.

### Pvt. J. J. Cwynar Wounded In Europe

According to the latest casualty list released by the war department, Pvt. Julian J. Cwynar, son of Mr. and Mrs. Peter Cwynar, of 32 High street, was wounded recently. He is in the European theater of action.

### Mt. Jackson Seniors Prepare Lively Farce

Class Play On Friday Night Will  
Tell Story Of Hypochondriac's  
'Last Night'

Telling the story of a hypochondriac who believes that he has only one more night to live, "One Wild Night", the senior play now being rehearsed by the senior class of Mt. Jackson high school, will live up to its name when the student actors present it in the school auditorium at 8 o'clock Friday evening, December 1.

In trying to pack into one night all the desires of a lifetime, Rodney, the hero, brings down upon his head the wrath and admiration of his fellow townsmen, and is finally rescued from his predicament by his faithful butler, Jodellon, and the famous Willow Chlorophide.

Members of the cast who help to increase the confusion of the night are:

Rodney Dodd; a healthy young man, who believes he is about to die. Glenn Reed; Henrietta, his housekeeper. Eleanor Hoffmaster; Jodellon, the inventive butler. John Anderson; Aunt Myra. Oral Dodd; Betty Duff; Charlotte Allen; Aunt Myra's young companion. Eileen Reed; Dr. Bell, the family doctor. Arthur Nesbitt; Nurse Trant. Dr. Bell's assistant, Joyce Webb.

Ned Steerwell, a young, self-made hero. Donald Onasch; Doris Winthrop, the pretty object of Ned's untiring attentions. Eddy Gayle Harmon; Hawkins, a moving man. Paul Scroggs; Dickens, a moving man. Thomas Gardner; Maribelle, Doris' roommate. Eleanor Raney; Mrs. Rooly, president of the Daxler school for girls. Margaret McCurley.

Mrs. Batsom, a public-spirited towns lady. Jean Urey; Jade Darnell, a night-club singer. Nancy McCullough; James Scorpio, the town's leading gangster. John Klamer; Officer Brayder, a policeman. John Wallace.

Directing the rehearsals are Miss Agnes Peables and Miss Martha Matthews.

### A.Z.A. Chapter Event Enjoyed

New Castle A. Z. A. Chapter No. 248 enjoyed a social event on Sunday at the Temple Israel, with almost a hundred in attendance.

Card playing and other pastimes were featured and later dainty refreshments were served. Special prizes were captured during the evening by Oscar Levine and Mrs. I. J. Smith.

### FOREST FIRE DANGER OVER

HARRISBURG, Nov. 28.—(INS)—The department of forests and waters reported today that the fall forest fire "danger season" had passed.

"We believe that the fire season for the fall is over," said George H. Wirt, chief fire warden. "I think that when the final figures have been turned in we will have a pretty good report for the fall season."

The total was expected to exceed 100.

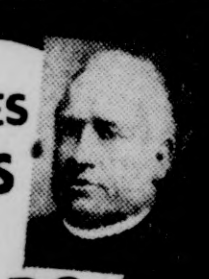

He explained that recent rains and snow in the northern tier helped keep fires to a minimum.

### Some Violations Of Prices Found

Only ten price violations in all of the 247 retail grocery stores checked is the latest record turned in by the Price Panel Board, the board announced Tuesday.

Posting requirements, and regulations about the grading of meats weren't met quite so well, the board added. Twenty-four violations were found in this category.

Items on which the most price violations were found were salad dressing, soda crackers and one brand of coffee.

Q. How long does it require to blink?

Ans. About 1/4 of a second.

Q. Is blinking restful to the eyes?

Ans. Yes, for two reasons; firstly, the eye is bathed with tears, and secondly because the light is blocked off momentarily.

Q. Are bright lights harmful to the eyes.

Ans. Yes, bright lights tire the eyes, and are almost as detrimental as insufficient lighting.

Q. Are the tears capable of destroying germs?

Ans. Yes, in common with other secretions of the body, it contains the bacteria destroying substance lysozyme.

Q. Is it safe to look directly at the sun?

Ans. It is just as dangerous to look at any strong light as it is to look at the sun; the danger lies in burning the inside of the eye so that all that is seen 'til death is the after image of the sun or bright light.

# Buy bonds till it hurts!

Go without and  
do without if need be  
to help speed the pace  
of victory

THE young man in this picture obviously is an extreme example. Our Government certainly does not expect any of us to go that far in restricting our buying—even in order to put the 6th War Loan over the top.

But it certainly will help make our fighting forces feel that their sacrifices are appreciated if we deny ourselves some things we could have bought and put the money into extra War Bonds instead.

Remember, War Bonds pay off at maturity at the rate of \$4 for every \$3 invested. Help your country and help yourself—try to buy at least one extra \$100 Bond while this 6th War Loan Drive is on.

This advertisement prepared and contributed to the 6th War Loan Drive by  
THE STUDEBAKER CORPORATION

PITTSBURGH, Nov. 28.—(INS)—Francis Duby, 48, of Brooklyn, N. Y., today was under sentence of one year in the Allegheny county workhouse for illegally soliciting funds while pretending to be a deaf mute. Duby was arrested in Pittsburgh November 8 and held for investigation after Detective Inspector Walter Monaghan identified him as the same man he arrested in 1940 on a similar charge.

In botany, the name annual applies to plants which complete their life-cycle in one year; biennials require two years, and perennials live for an indefinite number of years.

## He's still in there Fighting ARE YOU?

Your boys are making the Japs pay for their crimes—against humanity—and they'll keep on making them pay till the day of victory. They won't quit!

It's up to you to prove during the 6th War Loan Drive that you're still in there fighting, too! Your job is to buy at least one extra \$100 bond during the drive. For the Pacific war is going to be far more costly than the European one. One B-29 Superfortress costs \$600,000, and we'll need hundreds of them—an M-4 tank, equipped for Pacific fighting, costs \$67,417—landing craft must be supplied, guns and food and clothing—crushing Japan will be a big order, for us as well as for our fighting men!

**TODAY—570 of our boys  
will pay for war the HARD WAY**  
American casualties now average more than  
570 for every day of war. As the conquest of  
Japan advances, losses will probably be higher.

*THEY still die—will YOU buy?*

### Buy BIGGER Bonds!

Here are 6 big reasons for buying the  
most you can—\$100, \$500, \$1,000 in the  
big 6th War Loan. War Bonds give you:

1. The best and safest investment in the world.
2. At maturity, \$4.00 for every \$3.00 you loan.
3. The convenience of cash—plus increase in value!
4. Funds to replace and restore worn-out farm equipment, soil fertility, and buildings.
5. Funds for educating your children; a nest-egg for your own security, travel, retirement.
6. The increased purchasing power vitally needed to win the Peace.

*THEY still die—will YOU buy?*

### THE BIGGEST JOB IS STILL AHEAD. BUY BIGGER BONDS!

WILL you loan dollars, while they give lives? The conquest of Japan will probably be the costliest war in history. Distances are enormous. The enemy is tough and fanatical. We have no reserves of supply within thousands of miles—everything must be transported. And war in the Pacific requires special equipment, not used elsewhere.

Loaning money is the *easiest* part of the war effort; but it is no less important than fighting. One B-29 Superfortress to bomb Tokyo costs \$600,000. To train the pilot costs \$27,000. Each torpedo costs \$12,000. Because of the vast

distances, it takes four to six ships, constantly in motion, to deliver *one* shipload per month.

The Japs think our home-front is soft. They think we'll get tired of the war and quit. Well—it's up to you. Our fighting men aren't quitters; the Japs know *that*. It's *you* they are counting on.

Let's give them the answer—in the 6th War Loan! Let's show Tokyo we can "take it", too! Buy BIGGER Bonds, and we'll finish the big job faster.

## Paratroopers May Have Landed In Wutach Valley

LONDON, Nov. 28.—(INS)—Dis-patches out of Switzerland reported today that Allied paratroopers said to have landed in the Wutach valley of southwestern Germany apparently were sent behind the German lines to destroy the strategic railway between Donaueschingen and Waldshut.

The reports coming out of Schaff-hausen, on the Reich frontier, were not substantiated in Allied quarters. One account said that the para-troopers landed between Immendingen and Oberlauchingen, caus-ing all of the German people's corps to be alerted.

## Residents Attend Funeral In Lenwood

Word was received here of the death of Mrs. Jeannette Gladys Davis, wife of Prof. Bennett Hughes Davis of Lenwood, Pa.

Mrs. Davis, a native of Paoli, Pa., was 28 years of age. Besides her husband, she is survived by a six-year-old son, William Robert; her father, eight sisters and two brothers, one who is in the U. S. navy.

Funeral services were held at Lenwood on Friday evening and later at the Mauger funeral home, Malvern, on Saturday. Interment was in the Methodist cemetery, Grove, Pa.

Mr. Davis, principal of Lenwood junior high school, is a nephew of Mrs. James C. Lewis of Edison ave-nue, where he has visited all his life and has many friends. Mr. and Mrs. Lewis attended the funeral services and have returned home.

A Christmas party has been planned for December 17.

heavily but failed to halt the So- viets who forced mountain streams and forced narrow passes. The Mos-cow communique said that heavy losses were inflicted on the Ger-mans, 470 of whom were taken prisoner.

Further south, to the west of the rail center of Ungvar, the Russians slogged their way through a water-logged valley in a wide flanking movement which cut off Nazi re-treat routes and resulted in the destruction of several trapped Ger-man units.

The Soviet communique was silent on the action in Hunzary but a broadcast by Col. Ernest Von Ham-mer, the Nazi DNB agency com-mentator, which was heard in Lon-don admitted the Germans had re-treated to the south of Budapest. At the same time Berlin admitted Nazi retreats in eastern Czechoslo-vakia to a "shorter front line."

A 100-year-old tax receipt which Mrs. Drew Reynolds of Marion, Ill., inherited from her grandmother, showed that her grandfather paid 25 cents in taxes on his farm that year and made Mrs. Reynolds long, temporarily at least, for "the good old days."

## GIANT PINCERS MOVEMENT IS NOW UNDER WAY

(Continued From Page One)

and while the Berlin radio itself was admitting the combined First and Ninth army drives were pre-senting a grave situation for the Reich's armed forces.

Resume Major Operations  
According to the DNB agency, the Americans "resumed their major operations in the entire Aachen area against the German defense positions after bringing up fresh forces and in improved weather conditions which favor the use of massed fighter-bomber formations."

"The heaviest fighting centered in the area of Aachen where one enemy tank brigade succeeded in encircling one locality," DNB said. The agency also asserted that British Second Army assaults north of Venlo "gained some more ground while fresh attacks against Merzenhausen and Kossel by rein-forced American formations were still in full swing."

A frontline dispatch to Reuter's reported that men and supplies are plowing through the German mud to the Ninth Army to aid it in con-solidating its grip on the west bank of the Roer. Other dispatches from the front said Americans are fight-ing in the streets of Inden on the Inden river 3,000 yards from the Roer.

Nazi Situation Grave  
Spearheads of the Ninth com-manded by Lieut. Gen. William H. Simpson smashed in toward the west bank of the Roer after cap-turing Kirchberg, south of Julich, and driving forward another half mile. Radio Berlin admitted that the Roer river situation for Germany's armed forces was grave. The enemy transmitter said that reserves were being thrown into both the Julich and Duren areas against the Ninth and the American First Armies in an effort to "save the position."

Lieut. Gen. George S. Patton's powerful Third Army pounded for-ward another three miles, for a total two-day gain of nine miles, to come within 10 miles southwest of the German industrial city of Saarbrücken.

At the southern end of the roar-ing battlefront the Germans con-tinued to withdraw eastward through the Vosges mountains while rear guards showed only mod-erate resistance to columns of the American Seventh and French First armies relentlessly closing in.

No Confirmation  
A wireless dispatch by the French press agency said that French troops in the area of Stras-bourg had crossed the Rhine but there was no immediate confirma-tion of the report recorded by the FCC.

Supreme headquarters revealed that the Germans, after taking time out when three days of coun-ter-blows against the junction point of the Third and Seventh armies in the Sarrelouis region failed, re-sumed counter-attacks late Mon-day. No immediate details on this new enemy counter action were re-ported.

In the Ninth Army onslaught against stubborn German resistance the Nazis were cleared from the town of Merzhausen, northwest of Kossel.

House-to-house fighting raged in Kossel itself as the Yankees closed to within two miles of Julich. The Brussels radio said air patrols re-ported indications the Germans were evacuating Julich, vital supply base.

A counter-attack from the direc-tion of Ploersdorf was repulsed.

Fighting In Langerwehe  
The First Army troops of Lieut. Gen. Courtney H. Hodges, battling directly east of Aachen also were locked in street fighting with the Germans in the outskirts of Lan-gerwehe, in the bitterly contested town of Hurtgen and in the western out-skirts of Grosshail.

Fighting also continued to rage between First Army forces and the Germans in the Hurtgen forest where resistance was stiff. The Ger-mans resumed new heavy artillery fire against the American positions.

Headquarters said officially that progress in both the Julich and Hurtgen sectors was slow because of the bitter German opposition. Northeast of Weisweiler the First Army captured Frenz.

Closer To Saar  
General Patton's battle forces hammered past Thomburg and Haut, three miles northwest of St. Avold, 11 miles southwest of Saar-brücken, while another column was sent beyond Seinghouse, 10 miles southwest of Saarbrücken.

Third Army forces above and be-low St. Avold moved ever closer to the Saar on a widening front.

The advance from St. Avold en-abled General Patton's men to pierce the outer Saar mining belt. One huge, modernistic coal pro-cessing plant already was in Amer-ican hands.

Infantry engaged in clearing for-ests of the enemy troops as they struck into more and more wooded land in the vicinity of the Reich frontier.

bombers over Saipan at 12:30 a. m. Twelve hours later at almost the exact moment the bombardiers on our Superforts reported bombs away over Tokyo, Nip fighters including "Zekes" and "Tonys" swept low over this island with guns chatter-ing.

Our fighters followed several Japs as far as the islands of Pagan in the Marianas and Iwo Jima in the Volcanos. The Japs apparently con-ditioned Pagan as a staging base under the very noses of Americans.

American fighters claimed six Japs shot down and anti-aircraft fire accounted for seven.

Three pilots, including Second Lieutenant Robert B. Miller, Beth-lehem, Pa., who was piloting a P-47, shared credit in dropping a Nip fighter near Saipan.

STEAL MONEY, TOY PLANES  
Spencer Paint & Glass company, South Mercer street, during the week-end was robbed of \$10 cash and some toy airplanes by someone who entered the store through a rear stairway.

## Here's a curious critter

If you met this longhorn out on the plains, you'd yell for Mr. Ripley! When one horn curves up, you just naturally expect the other to turn up, too.

Same way, when war sent prices sweeping up, people expected all prices to follow suit. But at least one price didn't—the price of electricity.

In fact, like this longhorn, the price of electricity actually curved down the other way. The same govern-

ment statistics which measure the increased cost-of-living also show that the average price of electricity has declined 3.2% since the war began!

That's news—even more than a steer with two-way horns! . . . You can be sure that the far-sighted planning and sound business management which kept electricity dependable and cheap in wartime, will sup- ply even better service to your electric post-war home.

### PANCAKE SUPPER BRINGS RESULTS

On Sunday morning the Sunday school attendance at the U. P. church, Mt. Jackson, reached the all-time record attendance of the church, all but three.

On Friday evening, about supper time, Rev. James Crawford, the pastor, accompanied by a few with cars, went throughout the vicinity and gathered up a group of 27 young men, just as they were attired in their working clothes, and dashed with them to the dining room of the church.

There they were surprised to find a splendid pancake supper awaiting them, prepared by a group of ladies of the church.

The young men enjoyed the repast, and were invited to attend Sunday school, which brought good results.

### Lupe Velez Will Be Married Again

HOLLYWOOD, Nov. 28.—(INS)—The Latin influence dominated Hollywood's romantic developments today.

Item One: Lupe Velez, the peppery little Mexican star, has found a man who "is able to control me," and so she is going to marry him.

She spoke of the approaching nuptials as if it were basic logic for a woman to marry such a man.

The man is Harold Raymond French actor. He will succeed Johnny Weissmuller, who, despite his drawn, was driven to the point of distraction by his inability to "control" Miss Velez.

Item Two: Lucille Ball isn't going to divorce Cuban Actor Desi Arnaz after all. They made a trip to the desert to talk over details of their impending divorce and came back reconciled.

Arnaz, now a staff sergeant in the Medical Corps at the Birmingham hospital in Van Nuys, has moved back to their ranch home near Chatsworth and will live there while on leave.

### Air Hero Former High Grid Star

Flying Officer Frank R. Masters, Who Downed Three Nazi Planes, Lives On Carson Street

Flying Officer Frank R. Masters, reported yesterday as downing three Nazi planes in an air battle over Mistburg, Germany, is the son of Mr. and Mrs. Harry Masters of 921 Carson street. Mr. Masters is a well-known local watchmaker.

The youthful local flyer, who pilots a P-51 fighter plane, is well known as a lineman on the 1940 and 1941 high school football team. He was graduated in the January class of 1942 and enlisted in the Air Force in October, 1942, but was not called to service until February, 1943. He received his wings in March of this year and arrived overseas in August. In the last letter received by his parents, dated November 9, he related that he had been on combat patrol duty for five consecutive days but was taking that day off for rest.

### Pfc. H. E. McClintock Recovers In England

Wounded by mortar fragments at Schaeffeld during the paratroop seizure of bridges and road junctions in Holland, Pfc. Harry E. McClintock, 20-year-old son of Mr. and Mrs. H. E. McClintock, 423 Leasure avenue, is now convalescing at a U. S. general hospital in England.

Awarded the Purple Heart, he is making excellent progress, according to his ward surgeon.

Loyal Dutch were thronging the fields when the paratroopers arrived, according to Pfc. McClintock. They had learned of the coming of the air-borne troops through a broadcast by Queen Wilhelmina to the Dutch underground, and were ready to give every help and valuable information to the American, British and Polish paratroopers.

Oranges were first introduced into Europe about a half a century before Columbus discovered America.

### Republicans Will Retain Control Of Legislature

HARRISBURG, Nov. 28.—(INS)—Democratic candidates increased their majorities across the slate today with soldier vote tabulations completed in most counties, but the Republicans appeared to have retained their grip in both branches of the legislature.

Although the GOP was virtually assured control of the state senate which it dominates 32 to 18, the party lost a number of seats in the lower chamber but managed to sur-

vive the election with a slim majority in the house.

Latest composite civilian-military tabulations showed the GOP had garnered 106 representatives while the Democrats placed 99 assemblymen with three seats still in doubt. The legislature is composed of 50 senators and 208 assemblymen.

In national and state posts, the Democrats gained by the soldier vote with President's lead over Thomas E. Dewey rising to 90,116 from complete unofficial composite returns of 38 counties including Philadelphia.

Facing the western sun in Penn Valley park, Kansas City, Mo., is a memorial dedicated to the women who traveled the Santa Fe trail to settle the West.

## Deshon Annex Men To Make Use Of Local Armory

Drill Hall At Armory To Be Used  
As Gymnasium For Deshon  
Veterans

Inclement weather means indoor sports and out at the Deshon Annex Lt. Leo T. Nealon, commanding the Annex, and his staff are about ready for the wintry weather, insofar as the athletic program is concerned.

The building which has been converted into a gymnasium is now in good shape. The walls and ceilings have been painted, stall bars and exercising weight equipment have been attached to the wall and two huge 24 feet by 24 feet athletic mats have been received. Through the courtesy of an unnamed New Castle man, a hand ball court has been installed, another punching bag put in place, hand ball and punching bag gloves provided and a shuffle board court painted on the floor. In addition a hand ball court has been lined out and the lines painted for a paddle tennis court.

The gymnasium is too small to accommodate the entire group of men at the Annex and permission was granted by the local armory board for the use of the drill hall in the armory as a gymnasium. Work started today on the painting of basketball, handball and paddle tennis courts and the armory will be used each day by classes being given remedial exercises.

On December 7, when the automobile driving course is dedicated at the Annex, an open house and inspection of methods used at the Annex will occur.

## HARLANSBURG

### SHOWER EVENT

Ladies of the local Garden club held a shower for Mrs. Donald Miller, nee Elyce Lou Benson, at the home of Mrs. Mayme Eakin. The honoree received many useful gifts. Mrs. Mildred Brennenman had charge of a Thanksgiving program in which Mrs. Margaret Harlan, Mrs. Mildred Allison, Mrs. Edna Donley, Mrs. Mabel Harlan and Mrs. Elizabeth Thomas took part. A delicious and appropriate lunch was served by the hostess and Mrs. Myrna Miller. The December meeting of the Garden club will be held on December 13 with Mrs. Elizabeth Flemming.

### HARLANSBURG NOTES

Mr. and Mrs. Will Smith of Canton, Ohio, were week end guests at the home of Mr. and Mrs. Clarence Totman.  
Pfc. Glenn Thompson, who has been spending a furlough at his home here, left Sunday morning for camp at Dyersburg, Tennessee.  
Mrs. Glen Sager and Carol and Mrs. Harold Dean of New Castle, spent a day recently with Mrs. Helen Dean and Bobby.

## Says British Will Not Run Short Of Ammunition

LONDON, Nov. 28.—(INS)—An assurance that British armies would not run short of ammunition in the battle against Germany was given to Parliament today by Prime Minister Winston Churchill.

In a reply to a question by M. P. Leonard Gammans, conservative, Churchill said that large-scale production of ammunition was resumed in Britain nine months ago after a temporary "damping down." Since then further important expansion has been effected.

## Local Seaman In Leyte Sea Battles

Petty Officer 2-C Donald Jones  
Gets Citation: Is Aboard  
Airplane Carrier

Mr. and Mrs. Harry R. Jones of Miller avenue have received from their son, Petty Officer 2-C Donald Jones, a copy of the president's citation awarded to his group for their participation in the battle of Leyte gulf and Samar strait on October 24 and 25 in Philippine waters.

Donald is aboard a U. S. airplane carrier and states they had a harrowing experience, for a while they had shells striking all around them, but all got through the engagements without receiving a scratch. Their planes did splendid work.

## President Cuts Down On Cigarets

WASHINGTON, Nov. 28.—(INS)—President Roosevelt said Monday he isn't suffering from the current cigarette shortage—mainly because he has for some months now cut down on his customary daily quota.

When the President appeared without his usual cigar at his press conference, he was asked: "Mr. President, it may seem a trivial question at this time but are you suffering any from the cigar shortage?"

Mr. Roosevelt smiled and said that he hadn't yet, and that there was a pretty good reason for it, because he is not smoking nearly as many cigarettes as he formerly did.

The President said that since last spring when he was ill and was suffering from a bronchitis attack, he had cut down considerably on the amount of his smoking. He explained that he used to smoke more than two packs of cigarettes a day but now is smoking less than one pack a day.

## Health Talks

By DR. W. A. WOMER  
City Health Superintendent

SAMSON  
The Bible tells us that Samson was so strong that he killed a lion with his bare hands.

We cannot all be as strong as Samson. We can take good care of what strength we have.

There are some things which seem to help us to be healthy and strong.

Our food should provide protein, sugar and fat, also minerals and vitamins.

Meat and eggs and milk and cheese and fruit and vegetables and bread supply the necessary nutrients.

Exercise, recreation, cleanliness and religion help to keep us fit.

Worry and anger and hate do not seem to help much. Equanimity is a big word. We should learn what it means.

## BACKACHE, LEG PAINS MAY BE DANGER SIGN Of Tired Kidneys

If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention.

The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day.

If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headache and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there's something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

## THEY MADE AMERICA GREAT —they will keep America strong

With the growth of your railroads came the great development of America. Stretching ever farther into vast new regions, thousands of miles of gleaming track carried America with them to build a Nation where once there was only wilderness.

And your railroads are still essential to the development of our country, making it strong in war as in peace. Over the tracks now carrying the load for Victory, will again roll the products of peace to keep America the world's greatest Nation.

By supplying busy factories with raw materials and transporting the finished products—carrying the products of agri-

culture to town and city—Erie and other railroads are providing an essential link in our great system of production and distribution, without which our whole way of life, the strength of America, would inevitably crumble.

## Nineteen Game Card For High Floor Passers

Five Pre-Season Games, And 14 Section 3 Games Are Listed For 1944-45

## FIVE LETTERMEN BACK ON SQUAD

With five veterans from the 1943-44 season on hand, New Castle High school basketball team faces 1944-45 season with a better outlook than last year by far. The New Castle card gets under way one week from tonight December 5 at Washington High court with Sharpville playing here.

Faculty Manager Ralph H. Gardner has arranged five pre-season warm-ups and the Section 3 card shows 14 games. Back on the squad from last year are: William Andrews, Fred Wimer, Eddie Jackson, Al Koszela and Fisher, to form a veteran combination for the coming season.

**Strong Section**  
Practice sessions are already under way at Senior High floor and will start at Washington probably today or tomorrow. As reserves last year: Ray Owoc, and Dick Whitaker look good and may win varsity this season.

The addition of Farrell and Shannon to Section 3 makes the section one of the strongest in this part of the state and it's a good bet that the Section 3 winner will be a finalist or semi-finalist in the sectional playoffs at the Pitt stadium in March.

## Snow In Kane Area Will Aid Bear Hunting

KANE, Pa., Nov. 28.—(INS)—A three-inch tracking snow with new flurries keeping the coating fresh, today gave promise of one of the best bear seasons in recent years.

Hunting camps are booked solid and reservations for other housing facilities made long in advance of the season, indicate little slackening of pre-war figures. With both bear and deer hunting in the same week, the big influx of hunters into northern Pennsylvania is expected in the middle of the week. Bear season ends Thursday and deer opens the following day.

## BRONZE, SHENANGO, EPWORTH WINNERS

Epworth, Johnson Bronze And Shenango Pottery Maintain Undeclared Status

Epworth defeated Croton Methodists last night in a church league game at the "Y" 31 to 26 to maintain undeclared status in the league to date. Morgan, Ward and Snow led in the scoring.

The Johnson Bronze in the second game also maintained its undeclared record to date by trouncing the Universal Pottery 37 to 12, with V. Ross, Tusciano, Shriver and Dunlap in starring roles, the latter scored every one of the Universal points.

In the final game the Shenango Pottery, led by Santangelo, Vargo, Bus Davis and Jay Thomas lammed the Radiators for a 47 to 11 defeat. This was the second win for the Pottery in the league without a defeat.

## Grange To Head New Grid League

'Galloping Ghost' Of Illinois Fame To Head United States Football League

## EIGHT TEAMS TO HOLD FRANCHISES

CHICAGO, Nov. 28.—(INS)—The new United States Football League, latest addition to the professional circuits, will set up headquarters in Chicago Jan. 1 and consider four more applications for admission, officials said today.

The league organized yesterday in Chicago, named Harold "Red" Grange, famous "galloping ghost" of the Illinois football team a score of years ago as its president, and announced it would start the 1945 season with eight teams.

The franchise holders were listed as:

Chicago—J. E. (Ned) Grimes, a consulting engineer, and others.  
Baltimore—A. H. Ehlers, president of the Interstate Baseball League.  
Philadelphia—J. J. Ahlin, business man.

Washington—Lt. Harry L. Harris, insurance man now in the coast guard.  
New York—W. S. Palmer, contractor.

Honolulu—Ralph W. Olson, business man; Dr. Samuel L. Yee, Chinese surgeon, and F. J. Bricker, former St. Mary's Co., football player.

Akron, O.—Charles Burns, representative of the Akron Rubber Bowl and 50 stockholders.  
Howard Parsons of Erie, Pa., secretary of the league, said Boston also had been granted a franchise and that the club's owners would be announced today.

The charter cities each has posted \$10,000 certified checks to cover membership fees, Parsons said. Other cities interested in joining the league were listed as Los Angeles, San Francisco, Dallas and Cleveland.

## ST. VITUS WINS THIRD '44 TITLE

St. Vitus Grid Eleven Not Scored Upon; Won Floor And Baseball Crowns

W. L. T. Pct.  
St. Vitus ..... 7 0 1 .938  
St. Mary ..... 5 1 2 .750  
St. Joseph ..... 1 5 2 .250  
St. Michael ..... 0 7 1 .063

When St. Vitus captured the Catholic Grade School Football league championship Saturday it was the third time they had won a title this season. They won seven games, lost none and sustained only one deadlock this season and scored 147 points without having a tally scored against them. Previously St. Vitus had won the 1942-43 basketball crown and the 1944 basketball toga.

R. Paolone, "Fuzzy" Sabino, Costello and Bucchi were outstanding. Paolone scoring eight touchdowns and four extra points for a total of 52 points, Sabino tallying seven touchdowns and one extra point for 43 points. Costello and Bucchi played "heads-up" on the line.

The St. Vitus squad is composed of: Ends: Costello, Fontana, Tusciano and F. Paolone; tackles: Lamorella, Dilliguardi, Philian and George; guards: Bucchi, Terri, Quieriera and Coella; centers: Serafino and DeFiore; backs: quarter, Cialetta and Alusia; half, Sabino, Casella, Conti and Ponzino; full, R. Paolone.

The team is coached by Nick George and supervised by Father Inteso. The champs will receive letters and a trophy and will also be honored at a banquet soon.

## Baksi Winner By Kayo Over Knox

Kulpmont, Pa., Heavyweight Rocks Dayton Fighter To Sleep

PITTSBURGH, Nov. 28.—(INS)—Another knockout was added today to the long list achieved by Joe Baksi, 217-pound heavyweight from Kulpmont, Pa.

Baksi's latest victim, in a 10-round bout last night at Duquesne Gardens, was Cpl. Buddy Knox, 213-pounder from Fort Dix, N. J., who went down after 39 seconds of the fourth round.

Phil Muscato, 171, of Buffalo won a decision over Cleve Bailey, 167, of Vineland, N. J.

## Benswanger Urges Landis Memorial

PITTSBURGH, Nov. 28.—(INS)—William E. Benswanger, president of the Pittsburgh Pirates, today sent telegrams to high major league officials, suggesting the erection of a memorial in honor of the late Judge Kenesaw Mountain Landis, who died at the meeting of the big league managers in Chicago week after next.

The message read: "Suggest consideration of suitable memorial for Judge Landis be discussed at forthcoming meeting."

## YOUNG MOST VALUABLE

## Pro Gridders To Discuss Playoff

PHILADELPHIA, Nov. 28.—(INS)—Representatives of the National Pro Football league's leading teams in the eastern and western divisions were scheduled to confer in Philadelphia today with Commissioner Elmer Layden to consider plans for a championship playoff of sectional winners.

Layden will meet with delegates from the Green Bay Packers, western division champions, and the three clubs still in the running for the eastern division title—the Philadelphia Eagles, Washington Redskins and New York Giants. Plans for an eastern playoff, if one is required, also were slated for discussion.

## Four Games On County Floors

Monaca Plays At Shenango, Alumni At Bessemer, Harrisville At East Brook

## PRINCETON-WAMPUM IN SECTION GAME

Four basketball games will be played tonight on Lawrence County high school floors with the Princeton team playing a Section 21 game at Wampum, as the feature attraction. The 1943-44 Class B championship Wampum team with a fair amount of talent back in school will be out to repeat in Section 21. The preliminary starts at 7 o'clock.

Coach Butler Hennon intends to tryout a lot of his material tonight in this opening section game. Princeton has the advantage of one game having engaged the Alumni in a warm-up last week.

**Monaca At Shenango**  
Coach Eddie Nahas has his Shenango Wildcats ready for the opening game tonight, a warm-up with Monaca, the perennial Class B contenders and sectional winners every year. Nahas has a fine squad at Shenango this year and should go places. Tanner is the boy Coach Nahas is banking on to bring the Wildcats through. The preliminary game at Shenango starts at 7:30 o'clock.

**Harrisville At East Brook**  
East Brook high after losing to the Alumni the other evening will tackle the Harrisville high quintet tonight at the East Brook floor in a warm-up game. East Brook is coached by Bob Dinsmore this year and will be in there fighting for the flag, in Section 21. The preliminary will start at 7:00 o'clock.

**Alumni At Bessemer**  
The Bessemer high quintet, runner-up to Wampum for Section 21 honors last year will uncover the 1944-45 material tonight when they will play the Alumni. The preliminary game will start at 7 o'clock. Coach Joe Weresuk will have another cracker-jack team on the hardwood, with three or four lettermen back in school.

Today night Slippery Rock will play at Bessemer. It was announced by Principal Chandler B. McMillin.

## ARNOLD FLATTENS PADLO IN THIRD

PHILADELPHIA, Nov. 28.—(INS)—Billy Arnold, Philadelphia school-boy knockout artist, was in line today for a mid-January bout with former triple-crown holder Henry Armstrong after scoring a technical knockout over his townsman, Mayon Padlo, in the third round of their windup at the Arena last night.

The referee stopped the contest when Padlo was flattened for the second time by a swinging left hook. A crowd of 4852 fans witnessed the fight was a duplication of the win scored by Arnold over Padlo four weeks ago. Arnold now has won 30 straight pro contests, 28 by knockouts.

FRANKIE RITZ, former local middleweight boxer, is now a minister with a charge at Clariton, Pa., according to information reaching us today through Dave Moore who recently was visited by the Wheeling boy who fought here under the banner of Jimmie Dime and whom he handled in the ring when he battled Harry Greb and some others. He was a member of the Dime stable in the days of Eddie Weigant, Paris Kid Cangey, Babe Picato et al. Here's hoping that Frankie rises in his new profession. He always was a clean thinker and boxer and no doubt will do lots of good as a member of the Cloth.

Joe Louis, world's heavyweight champion, doesn't agree with a recent statement by Jack Dempsey, a predecessor that military life would leave Joe with very little talent when he tries to resume his career after the war. "Maybe" said Joe in Chicago to Davis Walsh, I. N. S. Sports Writer, "I won't be just the same fighter" then added, "But you can't blame the army for that. If I've slowed up at all, which is one of those things that's open to argument, it's only because I'm two, three years older than when I put in a uniform. It would have happened to me if we'd never had a war. It ain't the army, it's age." Louis was 31 last May 13. He wants to box Billy Conn again after the war.

A member of the sports fraternity has tipped us there's a party who ate lunch recently with coins rifled from a Lions' cigarette box. The diner must have had a quince taste in the mouth after pulling a cheap thievery like that. "Make the boxes in one piece or so arrange the top it cannot be wrested off," he suggested. The Pep-Wright fight one week from tonight and not tonight, in Cleveland, as written recently, is going to pack 'em in. Pep is the present 126-pound king and Wright is an ex-champ. Mr. Good Eyes reports a two lengths woman has a peeve if friend Hubby buys her a three lengths coat.

Neal Williams, city employee, is in the mountains, bear seeking. LeRoy Shoaff, street bus executive, watched the Army trim Notre Dame. "Army was too fast" said LeRoy. "So are some of Shoaff's buses for those who get up late and wave 'stop' when 150 yards away. Wouldn't it be something if congressmen who claim they haven't had a raise in pay for a score years went on strike? Some evening gowns have little insulation. Mr. Good Eyes reports a two lengths woman has a peeve if friend Hubby buys her a three lengths coat.

President Michael Donovan of the City Baseball League has requested the managers of all City League teams to advise him of the name of the party to whom Donovan should return franchise money. The writer met Miguel Sautrday and urged a meeting but President Donovan said he was very busy on a war job and the same result could be obtained if managers gave the name of the party to whom the money should be sent. Each club put up a forfeit of \$25.00 and he will receive back \$24.00 or more, the balance having been assessed for expenses, according to Miguel.

John the Gutzler remarks that the trouble with tapering off is that one keeps tapering. Pvt. Arnold Goff, Fort Douglas, Utah, was the winner of this year's Utah amateur golf championship. Which is worse: Failing to put a nickel in a meter or driving a one-eyed car? A Chicago painter was robbed of his winnings in a poker game—88 cents. Those bandits picked the wrong city to get big results. Mike Donovan reported today the Johnson Bronze will cavort in basketball at the Catholic center this fall and grade and reserve. And by the way, lest one not know Miss Marie Harlow is the only acting girl sports writer hereabouts. She covered Catholic baseball and will jot down the basketball scores this fall.

## Fair Or Foul

By LAWTON CARVER  
(International News Service Sports Editor)  
NEW YORK, Nov. 28.—The world's greatest sports job, and the one most important to Americans, is open now. The salary will run up around \$65,000 a year. Requires integrity and knowledge that enabled Kenesaw Mountain Landis to pick baseball out of the slime and set it back on a pedestal as the revered national pastime.

The vacancy left by the death of the game's high commissioner carries so many responsibilities that it probably will not be filled by one man for at least a year. Instead, Ford Frick, president of the National League; William Harridge, president of the American, and Leslie O'Connor, Judge Landis's assistant, are expected to be named as a three-man commission to serve until such time as a successor can be found—if ever.

Must Be Honest  
The man who attempts to fill this void can scarcely hope to match the departed old Czar's wisdom and sometimes irritating brusqueness, and his vital influence on the game of baseball.

Once he accepted the burden, he became a zealot against all the shady, under-cover dealings that baseball had once tolerated and from the day he went into office as high commissioner in 1921 until he went to bed old and ill a few weeks ago he never took a backward step in his fight for integrity among club-owners and for justice for the ball player.

Only a few days before his death on Saturday the majors offered him a new seven-year contract at \$65,000 a year. That was a nice thing for baseball to do at a time when there wasn't much of the old fire left except the sparks in his sharp eyes, yet it wasn't any more than he deserved. What they should do now is arrange to have chiseled into marble some simple but eloquent epitaph. Something like this perhaps: "He Saved Baseball."

Did Fine Job  
That, of course, would be tacit admission that baseball couldn't save itself, but the facts are in the records. It was a greedy business that resulted in the Black Sox scandal of 1919, when the Chicago American League club of the players, from one of the greatest teams ever brought together—sold out to the Cincinnati Reds in the world series. The onus was as much on baseball itself as on the disgraced players, who were scarcely more than pawns.

Landis straightened out this all-important relation between the players who own the game and the players, and everlastingly fought to get the player a square rattle. In his time he must have declared

## Sharpsburg Coach Refuses Conditions

SHARPSBURG, Pa., Nov. 28.—(INS)—Albert J. Ferraro, Sharpsburg high school science teacher, today refused to accept the school board's conditions for his reinstatement as basketball coach—although 225 students had gone on strike for three days protesting his removal. After the strike and a vote by the student body which favored the reinstatement of Ferraro, the board offered to rescind its action in hiring Robert Follette as coach and to rehire Ferraro if he would resign his position on the athletic council.

## Roosevelt May Name Successor To Judge Landis

If Major League Owners Cannot Agree On New Commissioner, President May Act

## LESLIE O'CONNOR IS NOT CANDIDATE

CHICAGO, Nov. 28.—(INS)—The possibility was suggested today that to President Roosevelt might fall the responsibility of naming the next baseball commissioner to succeed Kenesaw M. Landis, who died last Saturday morning.

This would come about if the major league club owners are not able to agree upon a commissioner within three months and if they do not, as they may, decide to operate under a board or commission made up of President Ford Frick of the National League, President William Harridge of the American League and Leslie O'Connor, for many years Landis's secretary.

O'Connor Refuses  
The procedure providing for the ultimate reference of the problem to the president of the United States was incorporated in the major league agreement which sets up the rules of baseball government.

O'Connor, intimately familiar with all the manifold details of the post, definitely has declared himself out as commissioner, but has indicated a willingness to consider serving on a three-man commission.

## Army Coach Says Cadets In Shape

Coach Blaik Says, 'Odds On Game Saturday All Wrong, It's Even Bet'

WEST POINT, Nov. 28.—(INS)—Today was D-minus-4 day at the United States Military Academy as Head Coach Lieut. Col. Earl "Red" Blaik made final plans for the assault on the Navy football team Saturday at Baltimore.

Blaik was polite but noncommittal about Army's plans. He said he would use the same backfield tactics that have proved so successful this season and that the two-to-one odds the Navy is reporting asking is all wrong because it is "anybody's game."

He said that the Army team was in good physical condition and that there would be no more scrimmage only workouts and drilling in passing and kicking.

Blaik said he thought the odds on the game would be "even Stephen". Whitmore and Jenkins, Navy backs, were pointed out as men who could wreck any football game if given the "breaks."

# Short Speech For Inaugural By Roosevelt

WASHINGTON, Nov. 28.—(INS)—President Roosevelt will make one of the shortest inaugural addresses in history in taking his fourth term oath of office at the White House on January 20.

Sen. Harry S. Byrd (D) Va., who conferred with Mr. Roosevelt on plans for the inaugural ceremony, said the President plans to hold his acceptance speech to four or five minutes.

In his previous three ceremonies, Mr. Roosevelt has taken the occasion to make a rather lengthy speech, covering his administration policies in office. These addresses have run from a half hour to 45 minutes, as have most presidential acceptance speeches during the country's history.

Byrd said the ceremony, which will take place for the first time in the country's history on the south portico of the White House instead of at the Capitol, will be very brief. Byrd is chairman of the congressional arrangements committee.

The President will be attended by the supreme court, his cabinet and members of the Congress. Attendance will be limited, Byrd said, to between 4,000 and 5,000.

It will be a standing ceremony. There will be no seats.

Byrd described the ceremony as an "economy inaugural."

## Airman J. R. Shields Killed In Action

Flight Officer Loses Life Over Saipan; Formerly Reported Missing In Action

Mr. and Mrs. Frank Shields, of R. D. 2, Slippery Rock, have been advised by the War Department, that their son, Flight Officer John R. Shields, was killed in action, August 14, over Saipan, in the South Pacific. Former word was received in September from the War Department, that he was missing in action.

Flight Officer Shields is survived by his parents, Mr. and Mrs. Frank Shields, of Edinburg, Pa., and his sisters, Alene, U. S. Cadet Nurse, at Jameson Memorial Hospital, and Lella, at home.

P. O. Shields had been in the service since March 1942, and overseas since January of this year. He was a graduate of Muddy Creek Township High School, class of '39, and prior to entering the service was employed at the Shelby Tube Mill, Ellwood City.

This advice was offered by Dr. B. V. Moore, head of the department of education and psychology at the Pennsylvania State College, who believes that characteristic Christmas-time celebrations will serve as a morale booster to both civilians and servicemen.

"The boys away from home," he explained, "will receive vicarious pleasure out of letters describing holiday activities. Rather than make them homesick, such letters will serve to reassure them that their families are keeping cherished home activities intact for their return."

Dr. Moore warned strongly against extravagant celebrations, adding that servicemen will not receive pleasure from reports of black market dealing or needless squandering of money.

The true spirit of Christmas, he said, is not an unnecessary luxury to be discarded in times of stress. The essential values of the season, he added, are more important now than ever before.
